

New Clear Lemon Disinfectant makes a clear sparkling yellow solution when mixed with water, that brings the delightful fragrance of fresh lemons to your cleaning duties.

Use Clear Lemon in sick rooms, nurseries, homes, restaurants for general disinfecting and deodorizing.

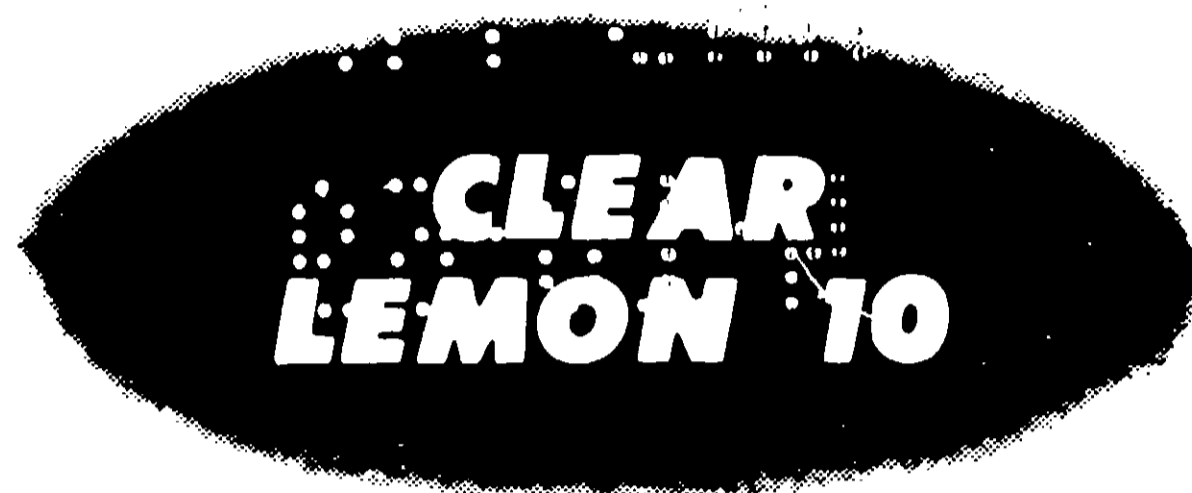

To preserve the good deodorizing properties of Clear Lemon, do not mix with other soaps or disinfectants.

Phenol Coef: A.O.A.C. Method 20 C
vs. Staphylococcus aureus 16
vs. Salmonella typhosa 10

Clear Lemon should be used at regular intervals to deodorize, sanitize and disinfect floors, lavatories, urinals, walls, telephones, furniture, garbage pails, refrigerators, diaper pails, lockers and other similar articles and areas that need cleaning, sanitizing or deodorizing.

Clear Lemon is also a good deodorant and antistatic agent for carpets when sprayed on at a solution of 1 to 15. It helps control mildew and other odor causing molds when used at this dilution. It is not intended as a terminal disinfectant for carpeting.

CLEANS AND DEODORIZES

Manufactured By

NEW LEMON SCENT DISINFECTANT WITH FRAGRANCE THAT LINGERS.

DIRECTIONS FOR USE

GENERAL DISINFECTING:

Mix 3 ounces of disinfectant to each gallon of water for general disinfecting of:

Shower	Nursery
Bathroom	Kitchen
Garbage and Diaper Pails	Locker Rooms
Bathroom Floors	Laundry
Animal Quarters	

Any other surface requiring disinfecting or deodorizing. Rinse all food handling equipment, surfaces, etc. with clear water before reusing.

DIRECTIONS FOR DEODORIZING:

Add 1 to 2 ounces per gallon to mop water. Provides excellent deodorizing in those areas where damp mopping is done. Add 2 ounces per gallon to rinse cycle in washer to deodorize clothing, diapers, etc.

HOSPITALS AND SICK ROOMS:

Use 5 ounces per gallon of water for thorough disinfection. Allow surface to remain wet as long as possible.

CAUTION: Harmful if swallowed. Do not take internally. Avoid contact with skin and eyes. Avoid contamination of foods.
