### DIRECTIONS FOR USE

**INDOORS — FOR HOUSEFLIES, MOSQUITOES, AND GNATS:** Apply as a space spray. Mix well before using. Fill sprayer tank with undiluted Aqua-Kill Insecticide. Adjust pressure and nozzle to produce a fine mist spray. Close all doors and windows, direct the spray mist upwards, and spray all parts of the room, especially around windows and other light sources which attract the insects. Keep spray nozzle at least 48 inches from fabrics or other furnishings to avoid wetting or staining. Fill room with mist at rate of 1 fluid ounce per 1,000 cubic feet. Leave the treated area, keep room closed for 15 minutes. After 15 minutes, ventilate room thoroughly before using.

**INDOORS — FOR CRAWLING INSECTS:** Apply as a contact spray. Mix well before using. Use Aqua-Kill Insecticide undiluted. Keep spray nozzle 8-12 inches from surface, using a coarse spray. When possible, spray directly on roaches, earwigs, grain mites, sowbugs, spiders, and centipedes to reduce infestations. Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards, and storage areas. Apply to moisten all surfaces, but not to point of run-off.

**ANTS —** Spray trails, nests, and points of entry. Spray on ants where possible. Repeat as necessary.

**FLEAS —** Spray resting areas used by cats and dogs. Hold spray nozzles about 18 inches from area to be treated. Apply spray at rate of two seconds per linear foot. Treat bedding in the same way. Spray entire inside surfaces of dog houses. Repeat as necessary. Dogs and cats should be treated with a registered product before re-entering the area just treated with this product to avoid re-infestation.

**OUTDOORS — TO CONTROL NUISANCE PESTS:** Apply as a coarse spray directly on to insects. Use in this manner for fleas, spiders, and other insects.

**WASPS:** Apply in late evening when wasps return to the nest. Spray liberally into nests and hiding places.

### ADDED CAUTIONS

**CAUTION:** Harmful if swallowed. Avoid contamination of feed and foodstuffs. Do not use on edible crops.

Toxic to fish and birds. Keep out of lakes, streams, and ponds. Remove pets, birds, and cover aquariums before spraying.

Do not apply where runoff will occur, or where wind will drift insecticide to other areas. Do not contaminate water by cleaning equipment, or disposal of waste.

Apply this product only as specified on this label.

**FOOD AREAS:** Do not use in edible products areas of food processing plants, restaurants or other areas while food is being prepared or processed. Do not use in serving areas while food or utensils are exposed.

NET CONTENTS — ONE GALLON

281

**CONTAINER DISPOSAL:** Do not reuse container. Destroy empty container by perforating, crushing, and bury in a safe place away from water supplies.

DO NOT STORE BELOW 40°F — MIX WELL BEFORE USING
