#### Directions for Use

#### GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**Initial Application:** To a cleaned pool add one gallon to 50,000 gallons of water, or ratio thereof.

**Maintenance Dose:** Use one quart per 50,000 gallons of water every 5 to 7 days. When weather is hot or bathing load is heavy, repeat this dosage every 5 days, or as necessary.

**Booster Dose:** Immediately after every rain add one quart per 50,000 gallons of water as above.

**Important:** Follow above directions without fail, even when pool is not used. Algae growth must be fought at all times.
