DIRECTIONS FOR USE

GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

LONZA FORMULATION 8-37 is a proven "one-step" cleaner disinfectant—senitizer—fungicide—mildowatat—virucide in the prusence of moderate amounts of organic soil

Apply LONZA FGRMULATION 5-37 to wells, floors and other hard (inenimete) non-porous surfaces such as lables, chairs, countertops, tile, porcelain, sinks and bedtrames with a cloth, mop or mechanical apray device so as to thoroughly wet surfaces. For heavily soiled areas, a preliminary cleaning is required. Propers a freeh solution daily or when use solution becomes visibly dirty.

Disinfection—to disinfect hard, non-porous surfaces, add 1 oz. per gation of water. Treated surfaces must remain wat for 10 minutes. The activity of LONZA FORMULATION 8-37 has been evaluated in the presence of 5% serum by the ACAC use dilution test and found to be effective against a broad spectrum of gram negative and gram positive organisms as represented by:

Pseudomonas aeruginosa Siaphylococcus aureus Salmonella cholerassuis Escherichia coli Streptococcus pyogenes Prosue mirabilis Klebsiella pneumoniae Enterobacter aerogenes Saimonella schottmuelleri Streptococcus fascalis Shigella dyserteriae Brevibacterium ammonlag Serratia marcescene Salmonella typhi Fascudomonas cepacia

Fungicidal Performance

LONZA FORMULATION S-37 is an effective fungicide against Trichophyton mentagrophytes (the athlete's foot fungus) when used on surfaces in areas such as locker rooms, dressing rooms, shower and both areas, exercise facilities, at 1 oz./gallon.

Mold and Mildew Control.

At 1 oz./gellon, LONZA FORMULATION 8-37 will effectively inhibit the growth of mold and mildew and the odors caused by them when applied to hard, non-porous surfaces (as indicated in general instructions above). Allow to dry on surface and repeat when mildew growth returns.

Virucidal Performance

*At 1 oz. per gallon use-level, LONZA FORMULATION 8-37 was evaluated in the presence of 5% serum and found to be effective against the following viruses: influenza A/Brazil, Herpee Simplex Typee I and 2 and Veccinia on inenimate hard non-porous environmental surfaces.

Sanitizing-Non-Food Contact Surfaces (such as floors, walls, tebies, etc.). At 1 oz. per 3.5 gallon use-level, LONZA FORBULATION 8-37 is an effective sanitizer against Staphylococcus sursus and Klebasiella pneumoniae in the presence of 5% serum on porous and non-porous environmental surfaces. Teated surface must remain well for 2 minutes.
