UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

JUN 9 1997

Lonza, Inc.  
17-17 Route 208  
Fair Lawn, NJ 07410

Attn: Eliot I. Harrison,  
Authorized Agent for Lonza, Inc.

Subject: Lonza TBC-302  
EPA Registration No. 6836-84  
Your Labeling Amendment of September 6, 1996

The submitted labeling amendment, proposing upgraded  
Precautionary Language in accordance with Acute Toxicity Category  
II classification has been reviewed. Please note the following.

- The revised labeling referred to above, submitted in  
connection with registration under the Federal Insecticide,  
Fungicide, and Rodenticide Act, as amended, is acceptable subject  
to the comment listed below. A stamped copy is enclosed for your  
records. Submit one copy of the finished printed labeling before  
releasing the product for shipment.

- Revise the statements of Practical Treatment in the  
following manner:

**IF SWALLOWED:** Call a Physician or Poison Control Center. Do  
not induce vomiting. Drink promptly a large quantity  
milk, egg whites, gelatin solution, or if these are not  
available, drink large quantities of water. Avoid  
alcohol. If person is unconscious, do not give  
anything by mouth.

**IF ON SKIN:** Wash with plenty of soap and water. Get medical  
attention.

**IF INHALED:** Remove victim to fresh air. If not breathing,  
give artificial respiration, preferably mouth-to-mouth.  
Get medical attention.

**IF IN EYES:** Hold eyelids open and flush with steady, gentle  
stream of water for 15 minutes. Get medical attention.

LONZA TBC-302 is a concentrated acid disinfectant bathroom toilet bowl cleaner, especially formulated to kill many germs commonly found in hospital, industrial and institutional environments. LONZA TBC-302 contains high level of acid together with an acid compatible detergent system which facilitates the easy removal of resistant stains and permits its disinfectant action. When used as directed, LONZA TBC-302 cleans, disinfects and deodorizes in one easy step.

**PRECAUTIONARY STATEMENTS**  
**HAZARDS TO HUMANS AND**  
**DOMESTIC ANIMALS**

**DANGER. Corrosive:** Causes eye damage and skin burns. May be fatal if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing. Wear protective clothing, rubber gloves and safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash clothing before reuse.

**ENVIRONMENTAL HAZARDS**

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Flush toilet. Add 3 fluid oz. (6 tablespoons) directly to water in toilet bowl (3/4 gallon). Brush to cover all interior surfaces of the bowl including under the rim. Allow disinfectant solution to remain at least 10 minutes. Flush toilet.

To clean badly stained bowls, repeat above treatment using 4 to 5 fluid ounces of LONZA TBC-302.

For use in urinals, add 3 fluid oz. (6 tablespoons) to 3/4 gallon of water. Apply by brush to all urinal surfaces. Allow disinfectant solution to remain at least 10 minutes. Flush.

At 3 fluid oz. per 3/4 gallon of water, LONZA TBC-302 is effective against a broad spectrum of microorganisms commonly found in toilet bowls and urinals. Effectiveness against *Pseudomonas aeruginosa*, *Salmonella choleraesuis*, *Staphylococcus aureus*, *Shigella dysenteriae*, *Streptococcus faecalis*, *Escherichia coli*, *Serratia marcescens*, and *Salmonella typhi* in the presence of 5% serum has been confirmed by the AOAC Use-Dilution procedure.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.

5/5

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.  
Do not store on side. Avoid creasing or impacting of side walls.

**Pesticide Disposal:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**Container Disposal:** Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke. Metal Container: Triple rinse (or equivalent), then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. (If container is 1 gallon or less, use this container disposal statement). Securely wrap original container in several layers of newspaper and discard in trash.
