**Precautionary Statements  
Hazards to Humans and Domestic Animals**

**DANGER**

Keep out of reach of children. Corrosive. Causes eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed or absorbed through skin. Avoid contamination of food.

**STATEMENT OF PRACTICAL TREATMENT**

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of <sup>milk,</sup> egg whites, gelatin solution; or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

Measures against circulatory shock, respiratory depression, and convulsion may be needed.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal. Do not store on side. Avoid creasing or impacting of side walls.

**PESTICIDE DISPOSAL**

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray or mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL**

Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities by burning. If burned, stay out of smoke.

Metal Container: Triple rinse (or equivalent). Then offer for recycling or reconditioning or dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

(If container is 1 gallon or less, use this container disposal statement.) Do not reuse empty container (bottle, can, or bucket). Wrap container and put in trash.

**ACCEPTED**

OCT 5 1994

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for the pesticide  
registered under  
EPA Reg. No. 68.36-108

**BEST AVAILABLE COPY**

Lonza Carpet Sanitizer CS-202 should be an integral part of any carpet maintenance system. Routine application will not only clean the carpets, but sanitize and deodorize for a cleaner, longer lasting carpet.

Lonza Carpet Sanitizer CS-202 is a low foaming carpet shampoo formulated for use with extraction, bonnet cleaning, and carpet steam cleaning equipment.

Lonza Carpet Sanitizer CS-202 contains "twin chain" quaternary ammonium compounds to reduce and control the growth of gram negative and gram positive odor causing bacteria.

Lonza Carpet Sanitizer CS-202 is fortified with odor counteractants to neutralize unpleasant malodors. Recommended for use on wet cleanable synthetic fibers, but not recommended for use on wool carpets. Optimized for use on commercial washable synthetic fibers, but not recommended for use on wool carpets.

Lonza Carpet Sanitizer CS-202 effectively and economically lifts and removes greasy soil, resists resoiling, and utilizes "built-in" defoamers for more productive use.

Lonza Carpet Sanitizer CS-202 is a balanced formulation combining Lonza's true odor counteractants, a non-ionic synthetic detergent, a quaternary ammonium compound, organic chelating agents and synergizing builders...for effective carpet cleaning, sanitizing and counteracting of odors when used as directed.

Lonza Carpet Sanitizer CS-202 leaves no residue to promote resoiling and eliminates soil redeposition to vacuum pick-up tanks.

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

### To Clean, Sanitize and Deodorize Carpets:

**Steam Extraction:** Vacuum carpet thoroughly. Mix two (2) ounces of Lonza Carpet Sanitizer CS-202 per gallon of water. Inject and extract as you would any steam cleaning shampoo.

**Extraction:** Vacuum carpet thoroughly. Mix two (2) ounces of Lonza Carpet Sanitizer CS-202 per gallon of water. Prespray onto the carpet at a rate of 1/3-1/2 gallon per 100 square feet and extract as you would other extraction cleaning shampoos.

**Spin Bonnet (Bonnet Buff) Cleaning:** Vacuum carpet thoroughly. Mix four (4) ounces of Lonza Carpet Sanitizer CS-202 per gallon of water. Bonnet clean carpet at rate of 200-300 sq. ft. per gallon.

**Bonnet Cleaning:** Vacuum carpet thoroughly. Mix four (4) ounces of Lonza Carpet Sanitizer CS-202 per gallon of water. Spray on carpet at rate of 200-300 sq. ft. per gallon.

**Heavy Duty Spin Bonnet (Bonnet Buff) Cleaning:** Vacuum carpet thoroughly. Mix sixteen (16) ounces of Lonza Carpet Sanitizer CS-202 per gallon of water. Spray on carpet at rate of 200-300 sq. ft. per gallon.

After cleaning, set carpet pile in one direction with a stiff brush (or pileator). Place aluminum foil under legs of furniture while carpet is clean. Over wetting can cause shrinking of carpet. Manufacturer assumes no responsibility for over-wetting or misuse.

**Note:** Test color fastness of carpet before use. Apply diluted cleaner to a small concealed spot, then rub with clean white cloth. If color transfer to cloth or changes, a water base product should not be used.

**(Note:)** Not recommended for use on Stain-Resistant Nylon Carpets. Consult carpet manufacturer's warranty and maintenance instructions for proper use.
