Dear Mr. Pazdera:

Subject: DANTOBROM P
EPA Registration No. 6836-118
Your Amendment Dated August 30, 1991

This is in response to your amendment of August 30, 1991 requesting the addition of alternate use directions and Storage and Disposal statements for canisters. The following revisions should be made:

1. The Pesticide and Container statements should be placed under the proper subheadings: Pesticide Disposal and Container Disposal. Change the statement "Do not contaminate food or feed with this product" to "Do not contaminate water, food, or feed"
2. Container Disposal instructions should be: "Do not reuse empty chamber (or canister). Triple rinse and discard in trash."
3. The heading Pesticide Disposal should precede the statement:

In case of decomposition, isolate . . .
discarding this chamber.

We have no objection to the use of this product in cannisters. However, if you wish to receive a stamped copy of the labeling with the alternate language, you must submit a composite label that includes the alternate statements referred to above.

Dear Mr. Pazdera:

Subject: DANTOBROM P
EPA Registration No. 6836-118
Your Submission Dated November 25, 1991

This is in response to your resubmission of November 25, 1991 regarding your request to amend this registration to include revisions to the directions for use statements.

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable subject to the following comments:

1. The Storage and Disposal statements should be placed under the proper subheadings: Pesticide Disposal and Container Disposal. Change the statement "Do not contaminate food or feed with this product" to "Do not contaminate water, food, or feed"
2. The heading Container Disposal should precede the statements "Triple rinse"
3. The heading Pesticide Disposal: should precede the statements "In case of decomposition, isolate"

A stamped copy of the label is enclosed for your records.

Submit five copies of the finished printed labeling before you release the product for shipment bearing the amended labeling.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND
DOMESTIC ANIMALS**

DANGER

HARMFUL IF SWALLOWED. HIGHLY CORROSIVE. DO NOT TAKE INTERNALLY. Causes eye and skin damage. Irritating to nose and throat. Avoid breathing dust. Use with adequate ventilation. Do not get into eyes, on skin or clothing. Wear rubber gloves and goggles or face shield when handling. Wash thoroughly after handling. Immediately remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds, or public water unless in accordance with a NFDES permit. For guidance, contact your Regional Office of the EPA. Do not contaminate water by cleaning of container and equipment or disposal of wastes.

PHYSICAL AND CHEMICAL HAZARDS

CHEMICAL HAZARD: STRONG OXIDIZING AGENT. Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well ventilated area. Flood with large volumes of water if necessary.

**KEEP CONTAINER TIGHTLY CLOSED
STORE IN A COOL, DRY PLACE
DO NOT STORE AT ELEVATED TEMPERATURES**

STATEMENT OF PRACTICAL TREATMENT

For eye contact, flush eyes with large amounts of running water for at least 15 minutes. Hold eyelids apart to ensure rinsing of the entire surface of the eye and lids with water. If physician is not available, flush for additional 15 minutes. Get immediate medical attention.

For skin contact, immediately wipe away excess material with a dry cloth while removing contaminated clothing and shoes. Under a safety shower, wash affected areas thoroughly with large amounts of water, and soap if available, for at least 15 minutes. Get immediate medical attention. Discard or decontaminate clothing and shoes.

If inhaled, remove from area to fresh air. If not breathing, clear airway and start mouth-to-mouth artificial respiration or use a bag-mask respirator. Get immediate medical attention. If victim is having trouble breathing, transport to medical care and, if available, give supplemental oxygen.

If swallowed, immediately give several glasses of water. DO NOT induce vomiting. If vomiting occurs, give fluids again. Have physician determine if patient's condition allows induction of vomiting or evacuation of stomach. Do not give anything by mouth to an unconscious or convulsing person. Get immediate medical attention.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.
