U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Antimicrobials Division (7510C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number
6836-279

Date of Issuance:
APR 18 2000

NOTICE OF PESTICIDE:

- Registration
- Reregistration

Term of Issuance: Conditional

Name of Pesticide Product: Dantochlor
TBS-3

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Wendy A. McCombie, Agent for Lonza, Inc
c/o Lewis & Harrison
122 C Street N.W., Suite 740
Washington, D.C. 20001

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to the use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Submit two copies of the revised final printed label for the record changing the EPA File symbol 6836-ETO to EPA Registration Number 6836-279.
3. You must make the following changes to your proposed product label before this product can be registered:

The use of the phrase "kills 99.9% of (germs) (bacteria)" is unacceptable. Claims for such killing action imply a disinfectant level of activity, thus suggesting a higher level of activity than what we accept for an in-tank sanitizer. **In all instances the term "kills" must be replaced by "reduces" or "controls" on the Dantochlor TBS-3 label.**

Efficacy for these products is primarily against bacteria. The use of the term germ(s) in the claims makes the inference of efficacy against a broader spectrum of pathogenic microorganisms (bacteria, fungi and viruses). **In all instances the term "germ(s) should be replaces with the term "bacteria (and fungi)" on the Dantochlor TBS-3 label.**

APR 18 2000

4. Revise "Controls odor-causing (germs)(bacteria) for one month in the bowl water" to read "Controls odors produced by many odor-causing (germs)(bacteria) for in the bowl water".
5. Revise "Controls the growth of (germs)(bacteria) that cause odors" to read "Controls the growth of many (germs)(bacteria) that cause odors".
6. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. A copy of our product chemistry evaluation and efficacy evaluation are enclosed.

DANTOCHLOR TBS-3

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER. Highly corrosive. May be fatal if swallowed. DO NOT TAKE INTERNALLY. Causes eye and skin damage. Irritating to nose and throat. Avoid breathing dust. Do not get into eyes, on skin or clothing. Wear rubber gloves when handling, and wash thoroughly after handling.

FIRST AID

In Eyes: Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention.

On Skin: Wash with plenty of soap and water. Get medical attention if irritation persists.

Inhaled: If not breathing, give artificial respiration, preferably, mouth-to-mouth. Get medical attention.

Swallowed: Call a doctor or get medical attention. DO NOT induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PHYSICAL AND CHEMICAL HAZARDS

CHEMICAL HAZARD: STRONG OXIDIZING AGENT.
Keep away from heat or flame. Mix only with water.

Net Weight.....50 grams

Manufactured by:
LONZA Inc., 17-17 Route 208, Fair Lawn, NJ 07410

When used as directed, Dantochlor TBS-3 will sanitize toilet bowl water, keeping it clean, clear and free of odor. Dantochlor TBS-3 gives the effectiveness of chlorine without the chlorine odor.

Dantochlor TBS-3 sanitizes toilet bowl water by killing 99.9% of all (germs)(bacteria) within 15 minutes after each flush. Each tablet sanitizes for one month. Eliminates 99.9% of (germs)(bacteria) within 15 minutes after each flush.

Remove tank cover and cut open package.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

To Sanitize, Clean, and Deodorize:

1. Clean toilet bowl thoroughly including under the rim.
2. Remove toilet tank top. Hold plastic pouch away from face. Cut pouch open with scissors on dotted lines. Do not touch tablet.
3. Flush toilet. Before tank refills, hold plastic pouch over tank and drop only the Dantochlor TBS-3 tablet into the right rear corner of the tank. (See diagram) Discard plastic pouch and wash hands thoroughly.
4. No removal necessary. Each tablet sanitizes for one month. When tablet has dissolved, replace with a new tablet. Product should only be used in a toilet that is flushed regularly.

STORAGE AND DISPOSAL

Store in original container in areas inaccessible to small children in a cool, dry, well-ventilated area. Do not store at elevated temperatures. Discard empty container in trash.
