MAR 20 2008

Ms. Christina Swick
Agent for Lonza, Inc
Lewis & Harrison
122 C Street, NW Suite 740
Washington, DC 20001

Subject: Lonzabac 12
EPA Registration No. 6836-283
Notification Date: November 2, 2007
EPA Receipt Date: November 2, 2007

Dear Ms. Swick,

The following amendment submitted in connection with registration under FIFRA, as amended, is acceptable.

- Remove Poison, Skull and Crossbones

Data Summary

Data Requirement	Means of Support	Status
Acute Inhalation Toxicity Study in Rats - Limit Test w/ Lonzabac 12	Submitted study, MRID 472722-01	Unacceptable, the dosage was too low, 0.053 mg/L of air

The Agency accepts the rebuttal rationale in conjunction with the results of the unacceptable study. Even though the study was not conducted according to OPPTS Guidelines, it showed that category I for inhalation is overlabeling for this product.

PLEASE NOTE: The submitted study, MRID No. 47272201, cannot be used to support inhalation classification for any product.

General Comments

A stamped copy of the accepted label is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
Submit and provide all data required for registration/re-registration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

If the above conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

Should you have any questions regarding this letter, please contact Jacqueline McFarlane at (703) 308-6416.

Sincerely,

Velma Noble
Product Manager (31)

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Do not breathe vapor. Wear a respirator with an organic removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-23C), or a canister approved for pesticides (MSHA/NIOSH approval number prefix TC-14G), or a NIOSH approved respirator with an organic vapor (OV) cartridge or canister with any N, R, P or HE prefilter. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Wear goggles, face shield, or safety glasses, protective clothing and chemical-resistant gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove contaminated clothing and wash clothing before reuse.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For formulation into antimicrobial/disinfectant products for use on hard, non-porous surfaces in businesses and office buildings, hotels, motels, correctional facilities, athletic facilities, schools, barber shops, locker rooms, non-food areas of food-processing plants and restaurants, bars and cafeterias, convenience rooms, public restrooms, animal laboratories, pet shops and factories.

Lonzabac 12 can also be used to formulate products used to control antimicrobial contamination in oil field water flood systems and metalworking fluids.

Formulators using this product are responsible for providing data for the EPA registration of their formulated products.

FIRST-AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If On Skin Or Clothing:	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
If In Eyes:	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing.• Call a poison control center or doctor for treatment advice.
If Inhaled:	<ul style="list-style-type: none">• Move person to fresh air.• If person is not breathing, Call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.• Call a poison control center or doctor for treatment advice.
If Swallowed:	<ul style="list-style-type: none">• Call a poison control center or doctor immediately for treatment advice.• Have person sip a glass of water if able to swallow.• Do not induce vomiting unless told to do so by a poison control center or doctor.• Do not give anything by mouth to an unconscious person.
Note To Physician: Probable mucosal damage may contraindicate the use of gastric lavage.	

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store upright in original container and place in a locked storage area inaccessible to children. Do not reuse empty container.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your state pesticide or Environmental Control Agency, or Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: PLASTIC CONTAINERS: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke. METAL CONTAINERS: Triple rinse (or equivalent), then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

ENVIRONMENTAL HAZARDS

This product is highly toxic to birds, fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

ACCEPTED

MAR 20 2008

Product of Lonzabac 12, EPA Reg. No. 6836-283, and EPA Est. No. 6836-283, for the pesticide registered under EPA Reg. No. 6836-283
