**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

DANGER. Highly corrosive. May be fatal if swallowed. **DO NOT TAKE INTERNALLY.** Causes eye and skin damage. Irritating to nose and throat. Avoid breathing dust. Do not get into eyes, on skin or clothing. Wear rubber gloves when handling and wash thoroughly after handling.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 – 20 minutes.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage.

PHYSICAL AND CHEMICAL HAZARDS

CHEMICAL HAZARD: STRONG OXIDIZING AGENT. Keep away from heat or flame. Mix only with water.

When used as directed, Dantochlor TBS-5 will sanitize toilet bowl water, keeping it clean, clear and free of odor. Dantochlor TBS-5 gives the effectiveness of chlorine without the chlorine odor.

Dantochlor TBS-5 sanitizes toilet bowl water by (killing) (eliminating) (99% of) bacteria within 15 minutes after each flush. (Kills) (Eliminates) (99% of) bacteria within 15 minutes after each flush. Each (chlorine) tablet sanitizes the toilet bowl water (within 15 minutes) for up to 2 months

SINGLE OR TWIN-PACK BLEACH TABLET ONLY

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Sanitize, Clean, and Deodorize:

1. Clean toilet bowl thoroughly (including) under the rim.
2. Remove toilet tank top. Hold one (white) plastic pouch away from face. Cut (one) pouch open with scissors below the crimped edge. **Do not touch tablet.**
3. Flush toilet. Before tank refills, hold (plastic) pouch over tank and (place) one Dantochlor TBS-5 tablet into the right rear corner of the tank. (See diagram). Discard (packaging) and wash hands thoroughly.
4. No removal necessary. Product should only be used in a toilet that is flushed regularly (at least once a week).
