

OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

WASHINGTON, D.C. 20460

June 6, 2024

Desiree Valentin
Regulatory Specialist for,
Arxada, LLC
Electronic Transmittal: desiree.valentin@arxada.com

Subject: PRIA Label and CSF Amendment – Adding new organisms and efficacy claims to the label, revising the precautionary statements, and adding Alternate CSFs 5-12)
Product Name: CSP-47
EPA Registration Number: 6836-335
Received Date: 07/20/2023
Action Case Number: 00486970

Dear Ms. Valentin:

The amended label and CSF(s) referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, are acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. Pursuant to 40 CFR 156.10(a)(6), you must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Please note that the record for this product currently contains the following CSF(s):

- Basic CSF dated 11/02/2011
- Alternate CSF 1 dated 11/02/2011
- Alternate CSF 2 dated 05/11/2021

- Alternate CSF 3 dated 11/02/2011
- Alternate CSF 4 dated 05/26/2021
- Alternate CSF 5 dated 03/06/2024
- Alternate CSF 6 dated 03/06/2024
- Alternate CSF 7 dated 03/06/2024
- Alternate CSF 8 dated 03/06/2024
- Alternate CSF 9 dated 03/06/2024
- Alternate CSF 10 dated 03/06/2024
- Alternate CSF 11 dated 03/06/2024
- Alternate CSF 12 dated 03/06/2024

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. See FIFRA section 2(p)(2). If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process, FIFRA section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Assurance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Karen Leavy by phone at (202)-566-0668, or via email at Leavy.Karen@epa.gov.

Sincerely,

Luisa C. Samalot-Freire, Product Manager (31)
Regulatory Management Branch I
Antimicrobials Division (7510M)
Office of Pesticide Programs

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

FIRST AID[:]

IF IN EYES:

Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

Call a poison control center or doctor for treatment advice. [Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.]

{Note to reviewer: If the container size is 5 gallons or greater, the following Environmental Hazards statements will be used:}

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other water unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

{Note to reviewer: The following is considered optional marketing language. On pages 3-15, parentheses () indicate that at least one option within the parentheses must be used in the final label text. Each option within the parentheses is enclosed in a set of brackets [].}

{Claims – Non-FIFRA}

{Note to reviewer: The following claims containing “New” may only be used for a period of six months after EPA’s approval of a revised or alternate formula, beginning when the product is first sold or distributed:}

Exterior surfaces of appliances	Painted walls	[Washable] Trim[ming]
Faucets	Patio furniture (except cushions and wood frames)	[Washable] Walls
	Pet area surfaces	Windows[s] [sills]

Bactericidal cross-contamination is of major housekeeping concern not only in hospitals, but in schools, institutions, and industry.

CSP-47 has been formulated to aid in the reduction of cross-contamination on treated hard, non-porous surfaces in these areas.

When used as directed **CSP-47** will deodorize surfaces in toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas and other places where bacterial growth can cause malodors.

CSP-47 is for use in hospitals, medical and dental offices, nursing homes, public rest rooms, institutions, schools, colleges, athletic facilities, kitchens, restaurants and bars, airports, transportation terminals, hotels and motels.

CSP-47 uses an anti-bacterial formula to cut grease, grime and to disinfect.

CSP-47 Kills Germs*** such as Staphylococcus aureus, Salmonella enterica and Pseudomonas aeruginosa.

CSP-47 removes dirt and grime and Kills Germs***.

CSP-47 Kills Germs*** and bacteria and cuts grease and grime.

CSP-47 disinfects and deodorizes.

CSP-47 cleans challenging dirt while leaving a fresh, clean, scent.

CSP-47 cleans and deodorizes.

CSP-47 cuts grease and deodorizes.

CSP-47 cuts grease, grime and deodorizes.

For use in households.

Contains no phosphate.

CSP-47 cleans and deodorizes and cuts grease and grime.

CSP-47 is a no-rinse cleaner that cleans and deodorizes in one labor saving step.

CSP-47 cleans, shines, deodorizes and disinfects hard, non-porous household surfaces.

CSP-47 is for use in kitchens, bathrooms, and other household areas⁶.

CSP-47 kills household⁵ germs*** in 10 minutes; is effective against Pseudomonas aeruginosa, Staphylococcus aureus and Salmonella enterica.

CSP-47 is a multi-surface⁶ cleaner, deodorizer, and disinfectant. Use on windows, mirrors, Plexiglas, Lexan, and other glass surfaces.

Use **CSP-47** on the multi-touch hard, non-porous surfaces responsible for cross-contamination.

Use **CSP-47** on tables, chairs, basins, countertops, bed rails, door knobs and handles, glass surfaces including windows and mirrors.

CSP-47 is an all in one glass cleaner, all-purpose cleaner, and disinfectant¹

CSP-47 kills Staphylococcus aureus and Salmonella enterica.

CSP-47 kills [odor causing] bacteria [that cause bad odors].

CSP-47 disinfects⁶!

CSP-47 disinfects hard non-porous surfaces!

CSP-47 cleans. **CSP-47** disinfects⁶.

CSP-47 cleans soils and disinfects germs^{***}.

CSP-47 leaves a fresh clean scent.

CSP-47 maximizes labor results by effectively controlling odors.

CSP-47 is for non-scratch cleaning of showers and tubs, shower doors and curtains and bathroom fixtures.

CSP-47 may be used in:

- hospitals, nursing homes, medical and dental offices and clinics, operation rooms, isolation wards, and medical research centers.
- day care centers and nurseries.
- restaurants and bars, cafeterias, institutional kitchens, fast food operations.
- supermarkets, convenience stores, retail and wholesale establishments, dressing rooms, and laundries.
- crime scenes and funeral homes.
- institutional facilities, laboratories, factories, business and office buildings, restrooms, hotels and motels, and transportation terminals.
- kitchens, bathrooms, and other household areas.
- institutions, schools and colleges, classrooms, athletic facilities and locker rooms.
- campgrounds, playgrounds, and recreational facilities.
- household and automotive garages, boats, ships, mobile homes, trains, and airplanes.
- all public places where cleanliness and bacterial control are vital aspects of the environmental sanitation program, and any commercial, industrial, or institutional facility where a clean and sanitary environment is important.

CSP-47 may be used on washable hard non-porous surfaces including:

- non-food contact counter tops, sinks, refrigerator exteriors, coolers¹¹, freezers¹¹, stovetops³, exterior surfaces of appliances, non-food contact equipment, shelves, racks and carts.
- picnic tables and outdoor furniture.
- [tele]phones and computers/keyboards.
- tables, chairs, desks, bed frames, walls, cabinets, doorknobs, and garbage cans.
- non-food contact surfaces of highchairs and baby toys.
- drinking fountains.
- shower stalls, shower doors and curtains, tubs and glazed tiles,
- fiberglass sinks, tubs and showers
- glazed porcelain tiling, restroom fixtures and toilet bowl exteriors.
- windows and mirrors.
- glass, metal, stainless steel, glazed porcelain, glazed ceramic, sealed stone, sealed granite, sealed marble, plastic, chrome and vinyl.

Great for Kitchens, bathrooms, and other tough jobs

- Kills 99.9% of germs***
- Powerful Cleaning
- Cuts Grease
- Great Scent
- Power Cleaning.
- Kills Germs*** & Helps [Eliminate] [Reduce] Odors With Febreze Fresh Scent

NOTE: [**CSP-47**] Is acceptable for use on most washable surfaces. However, on painted surfaces and wall coverings, test a small area before use. If applied to aluminum, wipe dry immediately. Repeated use on copper or brass may discolor these surfaces. Not recommended for carpets.

CSP-47 is a sanitizer for non-food contact surfaces [in the presence of 5% organic serum] in 2 minutes against: *Klebsiella pneumoniae* and *Staphylococcus aureus*.

{or}

Effective [as a sanitizer] [in 2 minutes] against: *Klebsiella pneumoniae* and *Staphylococcus aureus*.

{or}

NON-FOOD CONTACT SANITIZATION: *Klebsiella pneumoniae*, *Staphylococcus aureus*.

{or}

Sanitizer [in 2 minutes] against: *Klebsiella pneumoniae*, *Staphylococcus aureus*.

CSP-47 is a Hospital Use Disinfectant, is Bactericidal according to the AOAC Germicidal Spray Products Test Method, Virucidal[†] according to the virucidal qualification, modified in the presence of 5% organic serum against the following bacteria and viruses:

{or}

Effective [as a disinfectant] [and virucide] [in 10 minutes] against: {select from organisms listed below}

{or}

Kills 99.9% of {select from organisms listed below} [in 10 minutes][.]

{or}

Disinfects [in 10 minutes] against: {select from organisms listed below}

[Bacteria:]

Pseudomonas aeruginosa [*Pseudomonas*] [ATCC 15442]

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

{Note for reviewer: For labels that list medical premises and metal and / or stainless steel surfaces, one of the following statements must be used:}

This product is not to be used as a terminal sterilant / high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. [This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.]

{or}

This product is not for use on medical device surfaces.

Do not breathe spray.

[Prime [trigger][sprayer] by pumping [at least] [a few times] [several times] before first use.]

[General] [Cleaning] [Surface] [and] [Glass] [Directions]:

[1][.][:] [Turn] [Rotate] nozzle to "On" [position] [2][.][:] [Hold] [Spray] 6-8 inches from surface. [3][.][:] Wipe [dry] with a [dry] paper towel or [lint free] cloth [to a streak free shine.] [No rinsing necessary on non-food contact surfaces.]

{or}

Unlock [trigger] [sprayer]. Spray 6-8 inches from hard, non-porous [and] [glass] surfaces. Wipe [dry] with a [dry] paper towel or [lint free] cloth [to a streak free shine]. [No rinsing necessary on non-food contact surfaces.]

To [Disinfect] [/] [(Sanitize) [/] [Deodorize]:

For visibly soiled areas, a precleaning is required. For hard non-porous surfaces, spray [6 - 8 inches from surface] until thoroughly wet. **To Sanitize Non-Food Contact Surfaces:** Allow surface to remain visibly wet for 2 minutes before wiping. [Effective against] [Staphylococcus aeruginosa] [and] [&] [Klebsiella pneumoniae]. **To Disinfect:** Allow surface to remain visibly wet for 10 minutes before wiping. A potable water rinse is required for surfaces in direct contact with food. Do not use on drinking glasses, dishes and utensils. [Effective against] {select from organisms listed on page 17}[]

{or}

To Disinfect: Clean surfaces prior to disinfecting visibly soiled areas. Allow non-porous surfaces with [disinfecting solution] [this product] to remain visibly wet for 10 minutes before wiping. A potable water rinse is required for surfaces in direct contact with food. Do not use on drinking glasses, dishes and utensils. [Effective against] {select from organisms listed on page 17}[]

{or}

To Sanitize Non-Food Contact Surfaces [Directions]: Spray [CSP-47] to sanitize hard, non-porous [environmental] surfaces. Treated surfaces must remain visibly wet for 2 minutes. Wipe dirt away with a [dry] paper towel or [lint free] cloth. [Effective against] [Staphylococcus aeruginosa] [and] [&] [Klebsiella pneumoniae].

{Note to reviewer: The following refill instructions are for use with primary labeled bottle that is sold separately without a trigger sprayer. This requires transfer of trigger sprayer from previous primary labeled bottle only. The following graphic provides a visual guide to this process. This and/or other graphics contained in this master label may optionally be used with refill instructions.}

[How] To Refill[:]

[1][.][:] Remove [2][.][:] Replace [3][.][:] [Reuse] [Ready] [to clean]

{or}

[1][.][:] Remove [sprayer][trigger][from empty\previous bottle] [2][.][:] [Reuse][Replace] [sprayer][trigger] [by placing] onto [new] [full] [XX][fl oz][mL] **[CSP-47]** [Mr. Clean] [Clean Freak] [Antibac] [Antibacterial] [refill] bottle. [3][.][:] [Ready] [to] [reuse] [to clean][.][:]

Only use locking [antibac][antibacterial] trigger\sprayer with [this] [product] [refill] [bottle] **[CSP-47]** [Mr. Clean Clean Freak Antibacterial][.]

{note to reviewer: the following refill instructions are for use with large, pourable refill format}

[How] [to] Refill [Instructions] [Directions][:]

[1][.][:] Twist sprayer [off] [of] [Mr. Clean] [Clean Freak] [Antibacterial] **[CSP-47]** [16] [fl.][oz] [spray] [bottle] counterclockwise and pull up[ward] to remove. [2][.][:] Slowly pour [Mr. Clean] [Clean Freak] [Antibacterial] **[CSP-47]** [this product] [liquid] into [16] [fl. oz] [spray] bottle [and fill between the two [blue] lines on the side]. Do not fill above the top line. [3][.][:] Push down and twist sprayer [back] [clockwise] on the [16] [fl.][oz] spray bottle.

{or}

[1][.][:] Twist off [spray bottle] [trigger] [sprayer][.] [2][.][:] Refill with **[CSP-47 \ Mr. Clean Clean Freak antibacterial \ this product \ liquid]** [between the two lines][do not fill above line][.] [3][.][:] Twist on [spray bottle] [trigger] [sprayer][.]

{or}

Align [arrow][notch][v] on [trigger][sprayer] with corresponding [arrow][notch][^][location] on the back [label][of] [the] [pack] [of] [the] refill] [bottle] [Apply light downward pressure] [and rotate clock-wise] [one-quarter] [1/4] [turn] [90°][until][secure][locked][seated]

1. Align [arrow][s][notch][es][v]
2. Push [down]
3. Turn \ Twist \ Rotate [clockwise][to][secure][lock][tighten] [stop to lock]

[For use with **[CSP-47 \ Mr. Clean Clean Freak antibacterial \ this product]** only.] Refill into [empty] **[CSP-47]** [this product] [Mr. Clean Clean Freak antibacterial] bottle only. Use [this product][**[CSP-47]** [Mr. Clean Clean Freak antibacterial] only with the locking [antibac] [antibacterial] **[CSP-47]** [trigger] [sprayer].

{Note to reviewer: For Containers for Household and Residential Uses. The nonrefillable container statement will be removed when directions for how the pesticide user refills the container are included.}

STORAGE AND DISPOSAL

Store in original container in areas inaccessible to children. [Nonrefillable container.] Do not reuse or refill this container except as described in the directions for use. Wrap [container] and put in trash or offer for recycling if available.

{or}

Store in original container in areas inaccessible to children. [Nonrefillable container.] Do not reuse or refill this container except as described in the directions for use. Wrap [container] and put in trash or offer for reconditioning if appropriate.

{Note to reviewer: For Containers for commercial, industrial, and institutional use. The nonrefillable container statement will be removed when directions for how the pesticide user refills the container are included.}

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage:

Open dumping is prohibited. Store in original container in areas inaccessible to children.

Pesticide Disposal:

Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility.

Container Disposal:

[Nonrefillable container.] Do not reuse or refill this container [except as described in the directions for use].

[Plastic Containers:] Offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke

[Metal Containers:] Offer for recycling if available or puncture and dispose in sanitary landfill or by other procedures approved by state and local authorities. DO NOT cut or weld metal containers.

Qualifying Statements:

¹ When used according to disinfection use directions.

² potable water rinse is required for surfaces in direct contact with food

³ at room temperature
