**SUBJECT: Lonza Disinfectant Wipes Plus 2, EPA Reg. No. 6836-340**  
**Application for Label Notification**

Lanza is submitting an application to add a note to reviewer regarding the use of brackets and braces as well as an animal virus to the abovementioned label. Feline Calicivirus data was previously submitted and reviewed as a surrogate for Norovirus. When Norovirus was added to the virus list on the 3-20-2012 EPA stamped label, that surrogate was not added to the animal virus list. That oversight is being corrected with this notification.

Please find the enclosed documents in support of this notification:

- Application for Notification;
- Certification with Respect to Label Integrity;
- CD with label; and
- One copy of the proposed label with changes highlighted.

If you have any questions or need any additional information, please feel free to contact me at 678-627-2336.

Sincerely,  
Lonza Inc.
