UNITED STATES ENVIRONMENTAL PROTECTION AGENCY WASHINGTON, D.C. 20460

OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

Liane Jenkins Lonza Inc. 90 Boroline Road Allendale, NJ 07401

MAY 1 2 2014

Subject: Notification to add Marketing Claim EPA Registration No. 6836-353 Submission Date: April 15, 2014

Dear Ms. Jenkins:

The Agency is in receipt of your-Application for-Pesticide Notification under-Pesticide Registration Notice (PRN) 98-10 dated <u>April 15, 2014</u> for product <u>EPA Reg No.</u> <u>6836-353</u>. The Registration Division (RD) has conducted a review of this request and finds that the action requested falls within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records. If you have any questions, please contact Jessica Rogala at (703) 347-0263 or via email at <u>rogala.jessica@epa.gov</u>.

Sincerely,

(). Mogala

Jess'ica Rogala Environmental Protection Specialist Insecticide-Rodenticide Branch Registration Division (7505P)

FIRST AID	
WALLOWED:	
Call poison control center or doctor immediately for treatment advice.	
Have person sip a glass of water if able to swallow.	
Do not induce vomiting unless told to by a poison control center or doctor.	
Do not give anything by mouth to an unconscious person.	
N SKIN OR CLOTHING:	
Take off contaminated clothing.	
Rinse skin immediately with plenty of water for 15-20 minutes.	
Call a poison control center or doctor for treatment advice.	
NHALED:	
Move person to fresh air.	
f person is not breathing, call 911 or ambulance, then give artificial respiration, preferabl	y
nouth-to-mouth if possible.	-
Call a poison control center or doctor for further treatment.	
N EYES:	
Hold eye open and rinse slowly and gently with water for 15-20 minutes.	
Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.	
Call a poison control center or doctor for treatment advice:	
SONING HOTLINE:	
k medical care as soon as possible after exposure. For incidents involving animals, see	
rinary care as soon as possible after exposure. Have the product container or label with	ו you
n calling a poison control center or doctor or veterinarian, or going for treatment. For	
rmation on this pesticide product (including health concerns, medical emergencies, treat	men
ce, or pesticide incidents), call 1-800-654-6911.	
aldehyde is a systemic toxin. There is no antidote. The following instructions are	
nded for laypeople. There is no home treatment. Exposed individuals and animal uld receive emergency care as quickly as possible.	S
re to Physician	
t inhalation is usual route of accidental exposure; the product is rarely	
ested. Treatment is symptomatic and supportive. Monitor severe	
osures closely: seizures, electrolyte imbalances, acidosis, dehydration, and increased	
y temperature have been reported.	
re TO VETERINARIAN:	
nals typically are exposed via ingestion. Treatment is symptomatic and	
portive. If significant ingestion suspected, and the animal is asymptomatic, consider	
ction of emesis or gastric lavage and administration of activated charcoal, cathartic	
enema to limit absorption. Monitor asymptomatic and symptomatic animals closely. Trea	at
ures, electrolyte imbalances, acidosis, dehydration, and increased	
y temperature. Monitor liver function post recovery.

1 pound (lb) covers approximately 7000 sq. ft 2 Pounds covers approximately 14,000 sq. ft. Contains Bitrex® Contains Denatonium Benzoate Contains Meta® (Metaldehyde), "The Molluscicide" Contains the (dog repellant)(aversion agent) product Lore™ Contains the product Lore™ Easy to use pellet formula Fast Acting Formula Fast, Effective Control Of Slugs and Snails For more information (visit) www.metaworksbest.com May stain masonry, decks and rockwork. Ready to use formula (Product Name) - Granular Bait Containing 3% (w/w) Metaldehyde (Produt Name) contains the bittering agent, Bitrex. (Product Name) is a pelleted (ready to use) molluscide for the control of slugs in residential outdoor gardens (list crops). Protects listed (Fruit), (Vegetable), And (Ornamental) (Gardens) Remains effective after rain or watering Slugs and snails are two of our most destructive garden pests. Although their outward appearance is quite different, they are essentially the same creature, except that the slug does not have the external shell of the snail. Slugs and snails feed almost entirely at night, in the evening or during dark days. They prefer moist, warm conditions and rarely venture from their hiding places during cold weather or during exceedingly dry or hot spells. Slugs and snails hatch from eggs, laid in clusters, under debris, stones, compost heaps or beneath the surface of the soil. Generally, they will hatch out after 20 to 30 days of favorable weather conditions after which time they will continue to grow slowly, eating our most tender and succulent vegetation. Slug Control The presence of slugs and snails can be detected by their shiny mucous trail. They are night feeders and prefer cool, damp places. (This product) Can Be Used Around listed Fruit and Vegetable Plants, and Ornamental Plants (too)(!). (This product) Easy to use. (This product) is for use in outdoor residential gardens. This product is for use in Home and Garden areas only. (This Product) pellets are an effective metaldehyde containing bait application which are readily ingested by slugs, After ingestion slugs are immobilized. Death follows by destroying the mucus-forming tissue and the resulting loss of water. Best results are achieved by application during mild damp weather when slugs are most active but when rain is not expected. (This product)) Provides Up To Two Weeks of Plant Protection. (This product) Requires no mixing, spraying or special applicators. Use (this product) around listed vegetables. Use (This product) around listed fruit and vegetable plants and ornamentals Where vegetable gardens meet science While these small slugs and snails are growing and eating they migrate towards better feeding and sheltering conditions. It is because of this migrating habit that it is impossible to completely eliminate the slug and snail problem. However, with the use of (this product) and a consistent baiting program, these pests can be reduced to where they no longer present a major threat to our gardens. US-LON-H

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Not for use on plants being grown for sale or other commercial use, or for commercial seed production or for research purposes.

Restrictions

Keep people and pets out of the area during application.

This pesticide may be harmful to children and fatal to dogs and other domestic animals if ingested. Children and dogs may be attracted to Metaldehyde products, both in the package and when applied. Children and domestic animals must be kept out of treated areas from the start of application until the applied product is no longer visible.

Application of this Metaldehyde product is prohibited unless children and domestic animals can be excluded from the treated areas from the start of application until the applied product is no longer visible.

Applications to turf and dichondra are prohibited. Application is permitted only to non-turf areas (i.e., on soil or mulch) directly surrounding plants listed for use on the label.

Broadcast and foliar applications of this product are prohibited. Application is permitted only as a barrier-around-gardens-or-individual-plants. Application is prohibited within one foot of vegetable plants or fruit-bearing plants not listed on this label.

DO NOT apply pellets in piles that may attract pets.

DO NOT apply by hand.

APPLICATION INFORMATION

Certain cultural practices may reduce damage from snails and slugs. These practices include:

- Eliminating hiding places by removing leaf litter and debris in the garden;
- Removing slugs and snails during daylight hours from nearby leaf litter, mulch, and other protected areas;
- Watering in the morning to reduce humidity during the night when snails and slugs are active.

May be used as a perimeter treatment to prevent invasion of slugs and snails from neighboring properties

WHEN TO APPLY

- Apply when first plant damage appears or areas likely to be infested.
- Apply at the beginning of the spring planting season
- For best results, apply after irrigation
- Apply any time of the day; however, evening applications are preferred
- Number of applications allowed per season indicated in Application Rates table.

0713

HOW TO APPLY

- Place pellets on the soil surface as recommended in the graphics below
- Do not apply pellets in piles that may attract pets.
- Reapply as indicated in chart. Heavy infestation or areas heavily watered may require reapplication.
- Do not re-water for 48 hours after application
- Do not apply directly to or contaminate edible portions of the plant
- Do not apply by hand, spoon or belly grinder
- Do not use teaspoon utensils for food purposes after pesticide use

FOR BEST RESULTS:

Apply in evening. Especially beneficial if applied following rain or watering since slugs and snails will not crawl over dry soil. For best results, be sure area to be baited is damp. In very dry weather, water well before baiting.

CORRECT

INCORRECT Do not apply directly to foliage.

INCORRECT No mounding.

INCORRECT Do not over apply. Follow label directions.

APPLICATION RATES:

Use ½ teaspoon per square y				
Do not use teaspoon utensils for		icide use		
FOR USE AS MOLLUSCIDE IN OUTDOOR GARDENS				
Crop	Maximum number of	Retreatment		
	application/growing	Interval period		
	season	(days)		
Artichoke (annuals)	2	18 days		
Artichoke (perennials)	6	18 days		
Blueberries	3	14 days		
Caneberries- (bingleberry, black raspberry, blackberry, boysenberry, dewberry, lowberry, marionberry, olallieberry, red raspberry, youngberry) and Other Berries (currant, elderberry, gooseberry, huckleberry, loganberry, lingonberry, juneberry, salal):	3	14 days		
Citrus	6	14 days		
Lettuce, Cole Crops, And	3	14 days

(Note to reviewer: For Retail Containers for Household/Residential Use)

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: This product can be harmful to children and fatal to domestic animals if ingested. Dogs have been known to ingest metaldehyde after opening or tearing packaging. Store this product in its original packaging, in a cool, secure location, and out of reach of children and pets.

Pesticide Disposal: If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Container Disposal: if empty: Nonrefillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available.

(Note to reviewer: For Bulk Containers for commercial distribution for repackaging only).

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. This product can be harmful to children and fatal to domestic animals if ingested. Dogs have been known to ingest metaldehyde after opening or tearing packaging. Store this product in its original packaging, in a cool, secure location, and out of reach of children and pets.

Pesticide Storage:

Open dumping is prohibited. Store in original container in areas inaccessible to children. Do not store on side.

Pesticide Disposal:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray or mixture of rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal:

Non-refillable container. Do not reuse or refill this container.

(Fiber drums with liners): Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application (filling) equipment. Then, dispose of liner in a sanitary landfill or by incineration if allowed by state and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.
