

**PRECAUTIONARY STATEMENTS**  
HAZARD TO HUMANS AND DOMESTIC ANIMALS

**DANGER - CORROSIVE**  
KEEP OUT OF THE REACH  
OF CHILDREN.

Corrosive. Causes eye damage and skin irritation. Do not get in the eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

**STATEMENT OF PRACTICAL TREATMENT:** In case of contact, immediately flush eyes or skin with plenty of water for at least fifteen minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

**NOTE TO PHYSICIAN:** Probably mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

**STORAGE AND DISPOSAL.**

1. **PROHIBITIONS**  
Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.
2. **PESTICIDE DISPOSAL**  
Pesticide spray mixture or rinsate that cannot be used or chemically processed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.
3. **CONTAINER DISPOSAL**  
(a) Reseal container and offer for reconditioning or (b) Triple rinse (or equivalent) and offer for recycling, reconditioning or disposal in approved landfill, or bury in a safe place.
4. **GENERAL**  
Consult federal, state or local disposal authorities for approved alternative procedures.

**Directions For Use - General Classification**  
It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Rinse empty container thoroughly with water and discard it.  
**CLEANING BULK MILK TANKS:** As soon as possible after milk has been removed from bulk tank, rinse tank completely with cold water and allow to drain. Place four gallons of warm water (120°F) in tank and add one ounce (2 tablespoons) of DC-1000 to the water in the tank. Scrub tank, mixers and cover and then allow to drain.

### CLEANS SANITIZES REMOVES MILKSTONE

**MIXING IS EASY.** DC-1000 is easily and quickly dispersed in hot or cold water and in water up to 1700ppm of hardness (as calcium carbonate) to form a completely uniform solution. DC-1000 when used at a 1 to 500 aqueous dilution (200ppm active quaternaries) may be used on food processing and dairy equipment without the necessity of a multiple water rinse.

**SANITIZING MILK EQUIPMENT AND COW UDDERS.** Properly cleaned milking equipment pasteurization tanks should be sanitized prior to milking operations by preparing a 200ppm solution of active quaternaries by mixing one ounce (2 tablespoons) of DC-1000 in four gallons of water. Scrub or dip equipment into the solution and allow to drain prior to beginning of milking operations. Use a clean single service towel for each animal to wipe udders with the above sanitizing solution prior to milking. Never reuse towel or dip used towel into solution. Always use freshly prepared solutions and non-corrodible utensils.

**HARD WATER TOLERANCE.** This product fulfills the criteria of appendix F of the Grade A Pasteurized Milk Ordinance 1965 recommendations of the U.S. Public Health Service in water to 600ppm of hardness calculated as calcium carbonate, when tested by the AOAC Germicidal and Detergent Sanitizing Official Method. Consult your milk inspector health officer for recommendations on your local program.

**WARRANTY.** Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee expressed or implied is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. The buyer must assume all responsibility, including injury or damage resulting from its misuse as such or in combination with other materials. Statements concerning the use of this product are not to be construed as recommending the infringement of any patent and no liability for infringement arising out of such use is assumed.
