Office of Pesticide Programs  
Registration Division (H7505C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg. Number:  
6959-85

Date of Issuance:  
APR 21 1994

NOTICE OF PESTICIDE:  
 Registration  
 Reregistration

(under FIFRA, as amended)

Term of Issuance:  
Conditional

Name of Pesticide Product:  
CESSCO TR FOGGER WITH PERMETHRIN

Name and Address of Registrant (include ZIP Code):

CESSCO, INC.  
3609A RIVER RD.  
JOHN'S ISLAND, S.C. 29455

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
  - a. Revise the EPA Registration Number to read, "EPA Reg. No. 6959-85".
  - b. The heading "Active Ingredient" as listed in the ingredient statement must be in the plural form.
  - c. Delete the statement "Do not use this unit/fogger in an area less than 100 cubic feet" since this conflicts with the dosage 6 oz per 600cu feet.
  - d. Delete permethrin from the product's name. When a product contains more than one active ingredient any individual active cannot be highlighted such as in the product's name.

Signature of Approving Official:

Date:

273

page 2  
EPA Reg. No. 6959-85

3. Submit three (3) copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Manufactured By:

CESSCO S, INC. Johns Island, SC 1(800)476-3666

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not use in food/feed areas of food/feed handling, establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas where food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held. Commercial food/feed areas where the product cannot be used include areas for receiving, serving, storage, (dry, cold, frozen, raw), packaging (cleaning, slicing, cooking, grating), edible waste storage, enclosed processing systems (mills, etc.), and edible oils, syrups.

Nonfood areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Not for use in USDA meat and Poultry Plants.

One 6 ounce aerosol can treats up to 6,000 cubic feet of unobstructed area (a room 30' x 25' with an 8 foot ceiling).

For Fleas and Ticks, use one 6 ounce can for every 1,500 cubic feet of room space.

HOW TO USE:

Step 1: PREPARATION

Open cupboards, cabinets, trunks, and doors to area to be treated to allow maximum kill in all areas where insects can hide and breed. Close outside doors and windows and shut off fans and air conditioning to maximize killing power of fog. Remove pets, birds, and tightly cover or remove fish bowls and aquariums before spraying. Cover waxed wood floors and waxed furniture in the immediate area surrounding the fogger. (Newspapers may be used). Remove or cover exposed foods, dishes, utensils or food handling equipment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Shut off electrical appliances. Do not place activated fogger in a cabinet or under a counter or table. Do not use fogger in an area less than 100 cubic feet.

Step 2: ACTIVATION OF FOGGER SHAKE WELL JUST BEFORE USING.

Place a section of newspaper on floor in center of room to be treated. NOTE: Do Not place fogger on water-stainable surface. Do not place can within 6 feet of pilot lights. Tilt can opening away from face, set fogger on newspaper, leave room and close door. After activation, leave room or house at once. Keep area closed for 2 hours (30 minutes for flying insects) before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary.

ACCEPTED: Buyer assumes all responsibility for use of this product in accordance with label directions.

APR 21 1994

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 6959-85
