Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 6959-89".
3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Cessco's AccuDose specific dosage residual spray is for treatment into cracks, holes, crevices and similar small openings where these insects may be hiding, living and breeding.

With the rigid applicator extension placed into cracks, holes, crevices, and similar small openings where these insects may be a problem, release approximately 1 second of spray per spot in serious infestation areas. If possible, space these applications 12" apart. In lightly infested areas, or for preventive treatment, space three feet apart.

For use in homes, hospitals, food processing plants, restaurants, supermarkets, hotels, and motels. Care must be taken so no material comes in contact with exposed food products, equipment, or packaging materials. They must be removed or covered before use. Do not use in commercial food preparation areas or in edible product areas of food processing plants.

Do not use in food areas while food is exposed. Avoid contamination of food, utensils, and food preparation areas.

STORAGE AND DISPOSAL

Do not store near heat or open flame. Replace protective cap when not in use.

Do not reuse empty container. Wrap and place in trash collection.
