URINAL DEODORANT

U F O attacks odors at the source — cleans and disinfects. Every time the urinal is flushed U F O releases its unique combination of chemicals that kill odors, sanitize, wash the urinals with detergents, and descale the trap and drain line.

U F O is a powerful bacteriostat. It keeps urinals sparkling clean and resists buildup of scale, plumber's stone and urinary salts in the plumbing.

U F O is a complete contact urinal maintenance program. It works 24 hours a day—7 days a week—to give you a cleaner, more sanitary urinal and washroom with fewer plumbing maintenance problems.

**REPULSIVE HAND MAINTENANCE OF OFFENSIVE URINALS CAN BE ENDED
EFFECTIVE URINAL MAINTENANCE — AUTOMATICALLY**

U F O PROVIDES A DEODORIZING ACTION THAT IS GUARANTEED TO WORK IN ANY URINAL!

AUTOMATED PROPORTION CONTROL ACTION — FLUSH WATER REGULATES AND PROPORTIONS THE DISPENSING OF: • Bacteriostats • Sequestrants • Acidic Cleaners • Biodegradable Detergents • Malodor Counteractants • Anti-Scale Agents

U F O corrects and prevents unsanitary encrustations: scale, lime, metallic stains, bacterial slime. Deodorizes and sanitizes in one action. FURTHER BUILDUP IS INHIBITED!

CAUTION: **KEEP OUT OF REACH OF CHILDREN. HARMFUL IF INGESTED.** Contact with the product may cause skin irritation or sensitivity in certain individuals. After contact, simply wash with soap and water. If ingested, give baking soda and induce vomiting. Repeat. Call a Physician.

ACTIVE INGREDIENTS
Orthoboric acid
1-hydroxyethyl-2-imidazoline p
Benzyl dimethyl chloride
Tributyl tin chloride
ethoxylated alcohol condensate

INERT INGREDIENTS

*The ingredients in U F O consist of sanitizers, biodegradable detergents, dispersants, scale inhibitors, and odor fighters.

U.S.D.A. Reg. No. 100-100000

Remove the cap from the container and spray the urinal. Flex the nozzle and spread the plastic container. U F O will be applied easily into the trap without handling.

U F O IS UNCONDITIONALLY GUARANTEED
TO DEODORIZE ANY URINAL — ANY PLACE — ANY TIME — REGARDLESS OF CONDITIONS — OR FULL PURCHASE PRICE REFUNDED.

U F O PROVIDES A DEODORIZING ACTION THAT IS GUARANTEED TO WORK IN ANY URINAL!

AUTOMATED PROPORTION CONTROL ACTION — FLUSH WATER REGULATES AND PROPORTIONS THE DISPENSING OF: • Bacteriostats • Sequestrants • Acidic Cleaners • Biodegradable Detergents • Malodor Counteractants • Anti-Scale Agents

U F O corrects and prevents unsanitary encrustations: scale, lime, metallic stains, bacterial slime. Deodorizes and sanitizes in one action. FURTHER BUILDUP IS INHIBITED!

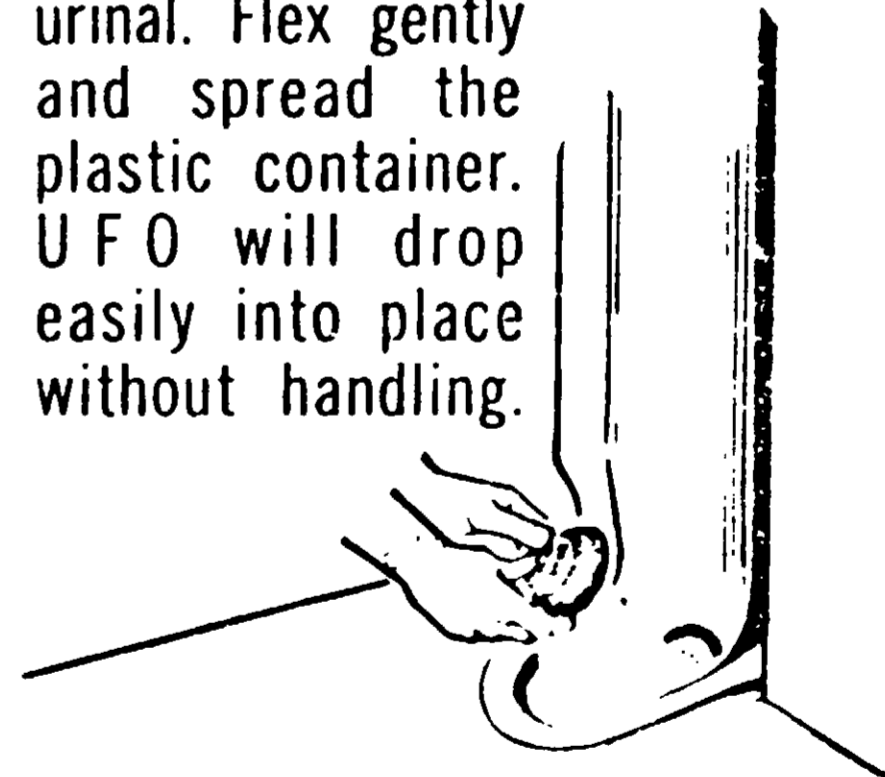

CAUTION: **KEEP OUT OF REACH OF CHILDREN. HARMFUL IF INGESTED.** Contact with the concentrated product may cause skin irritation or sensitivity in certain individuals. After contact, simply wash off with plenty of soap and water. If ingested, give baking soda and induce vomiting. Repeat. Call a Physician.

ACTIVE INGREDIENTS	
Orthoboric acid.....	1.00% wt.
1-hydroxyethyl-2-alkyl (C13) imidazoline phosphate.....	0.50% wt.
Benzyl dimethyl tetradecyl ammonium chloride.....	0.20% wt.
Tributyl tin chloride complex of ethoxylated abietyl amine condensate.....	0.10% wt.
	1.80% wt.
INERT INGREDIENTS*	98.20% wt.
	Total 100.00% wt.

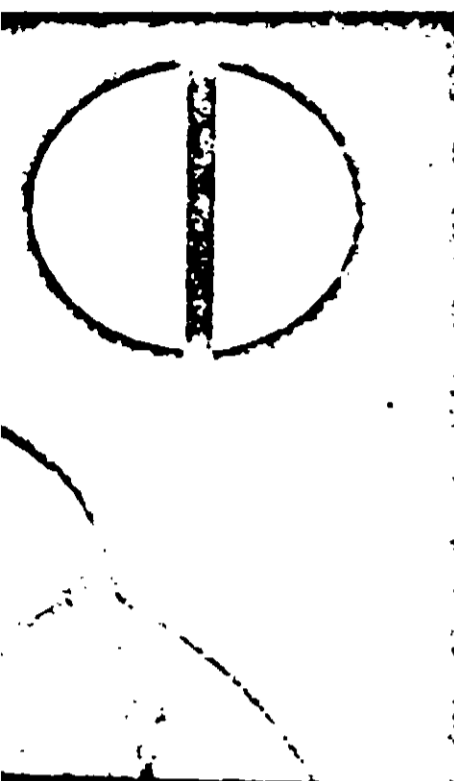

*The ingredients which are listed as inert for purposes of sanitizing evaluation are composed of biodegradable detergents, low pH cleaners, lime dispersants, scale removers, chelators and malodor fighters.

U.S.D.A. Reg. No. 6962

Remove the protective film. Invert the container over the bottom of the urinal. Flex gently and spread the plastic container. U F O will drop easily into place without handling.
