

B-7-19

ACTIVE INGREDIENT:

Polyoxyethylene(dimethyliminio)ethylene-
(dimethyliminio)ethylene dichloride 60.0%

INERT INGREDIENT 40.0%

This product contains 5.76 lb. of active ingredient per gallon and weighs 9.6 lb. per gallon.

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

FIRST AID: If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water.

Avoid alcohol. Call a physician immediately.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of lakes, streams, or ponds. Permits may be required for discharges containing this pesticide into lakes, streams, ponds, or public water. For guidance, contact the regional office of the Environmental Protection Agency.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

B-7-19

is used to inhibit the growth of bacteria in metalworking fluids employed as lubricants or coolants in the machining and processing of metals.

It is recommended that B-7-19 be added to the diluted metalworking fluid at a concentration of .01 to .10 percent based on total weight of the metalworking fluid. Where added to the undiluted metalworking fluid, B-7-19 should be added at a concentration which will provide .01 to .10 percent concentration when diluted with water for use.

Treatment of the diluted metalworking fluid should be repeated every four weeks as long as the metalworking fluid is used. More frequent treatment may be required if excessive contamination occurs.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Do not stack more than four drums high. Leaking or damaged drums should be placed in overpack drums for disposal. Spills should be absorbed in sawdust or sand and disposed of in a sanitary landfill. Keep container closed when not in use.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL

PLASTIC: Triple rinse for equivalent. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

METAL: Triple rinse for equivalent. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

STERILOID® BACTERIOSTAT
A highly effective compound for absorbing and controlling vomitus. It is effective in preventing the growth of bacteria and odor-causing bacteria.

STERILOID® BACTERIOSTAT
is a highly effective compound, blended with sponge-like particles, which are compounds possessing remarkably high adsorptive capacity for vomitus, medicines, grease, and other contaminants. It has been impregnated with a special active ingredient containing broad spectrum bacteriostatic action. Brought into contact with vomitus, it immediately absorbs a wide spectrum of bacteria.

Net Weight: 10.575 (10.575) (10.575)

WARNING: KEEP OUT OF REACH OF CHILDREN

Avoid contact with eyes. May cause skin irritation. Avoid contact with skin. First Aid: Wash with plenty of water.

Buy Steriloid Bacteriostat from Madison Bionics
Madison Bionics, Inc., 1000 Airport Blvd., Los Angeles, CA 90045

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

As soon as possible after the vomitus accident, sprinkle the **STERILOID® BACTERIOSTAT** heavily over the affected area. Allow one minute or so for absorption to take place, then pick up compound and dispose. If vomitus is wet, work **STERILOID® BACTERIOSTAT** in with broom bristles.

Be sure, in using **STERILOID® BACTERIOSTAT**, that an ample amount is put down at once to assure the complete pick up of all moist matter. The bulk is then easily swept up with ordinary techniques.

STERILOID® BACTERIOSTAT will clean, instantly deodorize, control the growth of odor-causing bacteria and prevent after odor. It can be used on all types of floors, carpeting, furniture, etc. Won't smear or scratch. Use it as a sweeping compound to add life to refresh the air and control the growth and odor-causing bacteria in the dust as you sweep.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Storage: Store in a cool, dry area below 120°F.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility.

Container Disposal: Do not reuse empty container. Rinse empty container thoroughly and discard in trash.

NOT REVIEWED
In Accordance with EPA Reg. 227-32-26
Based on Draft Labeling

Attention: Elizabeth Bugg

Gentlemen:

Subject: Steriloid Bacteriostat
EPA Registration No. 6962-26

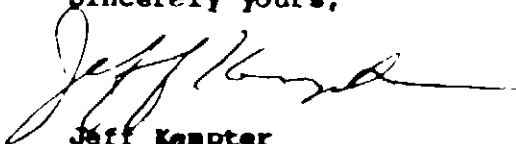

The amendment referred to above, submitted in connection with registration under section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIPRA), is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIPRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - Add the phrase "EPA Registration No. 6962-26."
3. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registrations will be subject to cancellation in accordance with FIPRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Jeff Kempter
