

# SENTRY MINT

•DISINFECTANT •FUNGICIDE •DEODORANT •VIRUCIDE\* •CLEANER

## CLEANED AREAS SMELL COUNTRYSIDE FRESH!

This non-selective disinfectant kills a broad spectrum of both gram positive and gram negative bacteria, as well as fungi. SENTRY MINT's efficient emulsifying cleaner is biodegradable.

\*Sentry Mint inactivates viruses such as Influenza A2 Virus (Hong Kong) and Herpes Simplex (Type 1.) on inanimate environmental surfaces.

SENTRY MINT assures unusually pleasant and clean environments. Recommended for hospital nurseries, operating rooms and corridors, and for use in and on equipment in toilet rooms, public conveyances, asylums, institutions and schools to destroy many pathogenic organisms as well as many odors. It is most beneficial in destroying the fungus that causes Athlete's Foot. Its high potency makes SENTRY MINT economical to use.

SENTRY MINT is recommended for use in hospital areas of high germ-potential, such as floors, walls and equipment of just-vacated rooms.

## DANGER : KEEP OUT OF REACH OF CHILDREN.

Do not use, pour, spill or store near heat or open flame. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed. Rinse empty container thoroughly with water and discard it.

## DIRECTIONS

**GENERAL DISINFECTING & CLEANING:** Use 2 oz. SENTRY MINT to 1½ gals. water. For best results, add the water to SENTRY MINT. This deodorizing solution will disinfect hard surfaces contaminated with Pseudomonas aeruginosa, Staphylococcus aureus, and Salmonella choleraesuis.

**TOILET ROOMS:** Use 2 oz. SENTRY MINT to 1½ gals. water. Wash bathtubs, seats, urinals, sinks, floors and baseboards with the solution at least twice a day. Toilet bowls can be disinfected after first forcing the water out of the bowl with a bowl mop.

Apply 2 oz. SENTRY MINT per gal. solution to surfaces to aid in preventing the spread of Athlete's Foot fungi via environmental surfaces in locker rooms, shower stalls, bathrooms, and around swimming pools.

E.P.A. Reg. No. 6962-28-ZA  
E.P.A. Est. No. IL-1, CA 1

**SCHOOLS, FACTORIES, INSTITUTIONS, PUBLIC BUILDINGS:** Use a solution of 2 oz. SENTRY MINT to 1½ gals. water for mopping and/or spraying rooms, hallways, stairs.

**GARBAGE CANS, REFUSE PAILS, CELLARS, RUBBISH PILES, OUTDOOR CLOSETS:** Thoroughly saturate by sprinkling or spraying with a solution of 2 oz. SENTRY MINT to each gal. water to deodorize.

## ACTIVE INGREDIENTS:

Isopropanol	12.500%
Soap	10.979%
Potassium ortho benzyl para chlorophenate	5.284%
Potassium p tertiary amylphenol	3.696%
Potassium ortho phenylphenol	1.224%
Tetrasodium ethylene diamine tetraacetate	1.000%
Spearmint	0.500%

INERT INGREDIENTS: 64.817%
