Dear Dr. Girgius:

Subject: Amendment: Deletion of Pentachlorophenol
Germain's Non Selective Weed Killer
EPA Registration No. 6993-13
Your Submission Dated February 14, 1986

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, Rodenticide Act is acceptable, provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
 - a. Correct the petroleum hydrocarbon active ingredient label declaration to read 84% in order to be in agreement with the submitted formula statement. Correspondingly decrease the inert ingredient declaration so that the total equals 100%.
 - b. Update the Storage and Disposal section to comply with the enclosed PR Notice 83-3.
 - c. In the Environmental Hazards section modify "Keep out of body of water" to read:

Do not apply directly to water.

2. Submit one (1) copy of your final printed labeling before you release the product for shipment.
