

## DIRECTIONS FOR USE

**FLOWERS AND ORNAMENTALS:** For control of Aphids, Mites, Red Spiders, Thrips, Mealy Bugs, Leafhoppers, Tarnished Plant Bug, Four-lined Leaf Bug, Japanese Beetle adults, Soft Brown Scale and Monterey Pine Scale: Use 2 teaspoonfuls of Germain's 50% Malathion solution to 1 gallon of water. Spray directly on plants, thoroughly wetting both sides of leaves and other parts of plant subject to infestation by the pests. Repeat in 10 days as required to control.

**FOR CONTROL OF FLIES AND FLEAS:** Use 5 table-spoons of Germain's 50% Malathion spray to 1 gallon of water. Spray freely in and around buildings that house domestic animals, around yards, patios, barbecue and camping areas. Repeat as required for control.

**CAUTION:** Hazardous if swallowed, inhaled or absorbed through the skin. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after using. Avoid contamination of feed and foodstuffs. Do not contaminate milk or milking equipment. Do not apply on ferns. Do not apply to food crops. Keep out of reach of children and domestic animals.

Highly toxic to fish. Do not contaminate any body of water by direct application, cleaning of equipment, or disposal of wastes and containers.

Malathion, upon repeated or prolonged careless use, may cause cholinestrase inhibition. If accidental poisoning occurs, get prompt medical aid. Atropine is antidotal. Keep away from heat or open flame.
