GERMAIN'S FRESH START GRASS & WEED KILLER

For effective control of a wide variety of unwanted
vegetation around buildings, walkways, driveways, and
under trees and established ornamental shrubs.

GERMAIN'S FRESH START GRASS & WEED KILLER is especially
ideal for lawn renovation or other areas, where replanting is desired.

SIDE LABEL 1 CONTINUED:

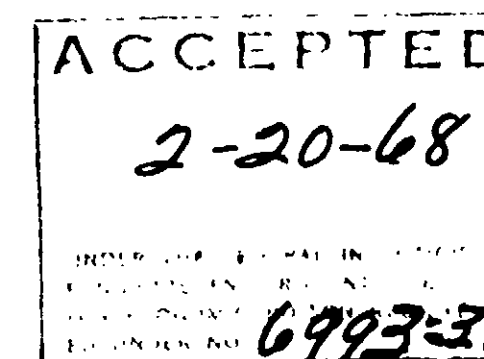

It is fast acting with non-residual effects. Lawn areas may be re-seeded 5 days following application of material. GERMAIN'S FRESH START GRASS & WEED KILLER provides quick kill of all annuals including Brome, Bur Clover, Chickweed, Foxtail, Mallow, Morning Glory, Oxalis, and Wild Oats. The material TOP kills Bermuda grass, Bluegrass, Clover, Dandelions, Fescues, Johnson grass, Quackgrass, Plantain, and other deep rooted perennials. Read Entire Label Before Using. Use Strictly in Accordance with Label Cautions, and Directions.

CAUTION

Harmful if swallowed. Avoid contact with skin. Avoid breathing spray mist. Wash hands after using. Avoid storage near feed or food products. Keep children and domestic animals off treated areas until material is washed into soil. Do not reuse container, destroy by crushing or breaking. Do not apply GERMAIN'S FRESH START GRASS & WEED KILLER directly, or allow to come in contact with foliage, green bark, grafted unions, or scuffed, damaged or broken bark on trees and ornamentals.

IF TAKEN

If taken internally, induce vomiting and call a physician at once.

Neither Germain's, Inc., nor the seller shall be held responsible in any manner for all personal injury or property damage or other type of damage or loss to anyone resulting from the handling, storing or use of this product when such handling, storing or use is not in strict accordance with the directions given hereon.

SIDE LABEL 2:

DIRECTIONS FOR USE

Lawn areas should be mowed prior to application of GERMAIN'S FRESH

START GRASS KILLER for best results.

For Large Areas: fluid ounces (32 tablespoons) undiluted

in a 5 Gallon Garden Sprayer or equivalent insecticide

(fine mist). Apply evenly to 650 square feet of area (20'x33').

Thoroughly wet all foliage to the POINT OF RUN-OFF, then withhold

watering for 48 hours.

For Small Areas or Spot Treatment: Use a tank type sprayer, sprinkling

can or other convenient container. Place 1 fluid ounce (2 tablespoons)

in 2 gallons of water and apply to 40 square feet of area (5 x 8). Then

withhold watering for 48 hours. Wilting will appear in one to three

days, and browning of foliage in three to seven days.

Bermuda grass and other deep rooted perennials may require a repeat

application after five days.

Comment

SIDE LABEL 2 CONTINUED:

When foliage has turned brown, rake off the matted or dead foliage. Approximately five days after the last application, water thoroughly and seed at the recommended rate for new lawns, or plant flowers, shrubs or ground covers as desired.
