

GERMAIN'S ROSE AND FLOWER DUST

READ ENTIRE LABEL BEFORE USING. USE STRICTLY IN ACCORDANCE WITH LABEL CAUTIONS AND DIRECTIONS.

A combination insecticide, fungicide and miticide especially formulated for the control of certain destructive insects and diseases attacking roses and certain other flowers

Avoid dusting ferns, Boston Ivy and crassula as injury may occur

This duster is refillable through bottom closure.

INSECTS: For control of Aphids, Rose Slugs, Spider Mites, Rose Curculio, Flea Beetles, Diabrotica Beetles, Fuller's Rose Beetles, Plant Bugs, Rose Leaf Beetles, Leaf Rollers, Thrips, Leafhoppers, Rose Chafers and Lacebugs.

DISEASES: For control of Black Spot, Powdery Mildew, Downey Mildew, Rust, Botrytis Flower Blight and Leaf Spot.

DIRECTIONS FOR USE

Lift cap, aim duster at plant. Squeeze duster with slow even pressure. Apply a thin, even visible coat of dust to both upper and lower surface of leaves. **DO NOT OVER APPLY!** Dust plants, preferably in the late afternoon or evening when air is dry. Begin application early in Spring when growth begins or when insects or diseases appear. Repeat at 7 to 10 day intervals during growing season.

CAUTION: KEEP OUT OF REACH OF CHILDREN AND PETS. May be fatal if swallowed or inhaled. May be absorbed through skin. May be a skin sensitizer. Do not breathe dust. Avoid contact with skin and eyes. May cause irritation. Do not take internally. Do not contaminate or store near feed and foodstuffs. In case of contact with skin or eyes, flush with plenty of water. For eyes, get medical attention. Wash thoroughly with soap and water after handling and before eating or smoking. Use with care.

Do not use container for any other purposes than an insecticide squeeze duster.

This product is toxic to fish. Keep out of lakes, streams or ponds. Apply this product only as specified on this label.
