

# Grass and Weed Killer

Kills on Contact

**CAUTION:** KEEP OUT OF REACH OF CHILDREN.  
SEE BACK PANEL FOR ADDITIONAL CAUTIONS.

**NET WT. 17 OZ. (1 LB. 1 OZ.)**

with label cautions, warnings and directions.

Germain's Grass & Weed Killer is designed to permit easy treatment of individual weeds and undesirable grasses in lawns, driveways, walks, around sprinklers, trees, shrubs, flowerbeds, posts, fences and for edging grasses.

Germain's Grass & Weed Killer is a non selective contact weed killer which will kill the foliage of weeds and grasses without sterilizing the soil. Germain's Grass & Weed Killer can be used anytime, but for best results, apply when weeds and grasses are small.

Shake can well before using and occasionally during use. Invert and hold at arm's length and point can at weed as you press button. Do not push button when can is in upright position. Push button down briefly. Thorough coverage of weeds and grass is important for good control. One application will kill most weeds. Certain perennial weeds may require another application if regrowth is noticed.

**NOTE:** Germain's Grass & Weed Killer will brown any green vegetation it comes in contact with. Avoid spraying or spattering green stems or foliage when spraying weeds around flowers, shrubs and trees. Spray will temporarily injure desirable grasses that are contacted. Avoid excessive spraying of stucco, patios, driveways, concrete and other similar materials as staining may occur.

Harmful if swallowed. Avoid skin contact. Wash contacted areas with warm water and soap. Avoid inhalation of spray. Do not get in eyes. In case of contact, flush eyes with plenty of water; if irritation persists, get medical attention.

Keep this product out of all water supplies. This product is toxic to fish. Keep out of lakes, ponds and streams.

Do not apply when wind will cause spray to drift onto desirable foliage.

Contents under pressure. Do not burn or puncture this container. Do not store above 120° F. Keep at room temperature--away from direct sunlight, radiators, stoves, hot water and other heat. Do not use or spray near heat or open flame.

GERMAIN'S, INC., and Seller make no warranty, express or implied, as to merchantability, fitness for a particular purpose, or otherwise, concerning the use of this product other than as indicated on the label. Germain's, Inc. and Seller shall not be liable for any injury, damage or loss resulting from the handling, storing or use of this product not in strict accordance with the directions given hereon.
