NET WT. 20 LBS.

Dichondra Special 12-3-6
Does Six Big Jobs • Treats 2500 Sq. Ft.

Ammoniac Nitrogen (derived from Urea)	6.00%
Water-Soluble Nitrogen (derived from Urea)	6.00%
AVAILABLE PHOSPHORIC ACID (derived from Ammonium Phosphate)	3.00%
WATER SOLUBLE POTASH (derived from Murates of Potash)	6.00%
COMBINED SULFUR expressed as elemental (derived from Sulfides & Sulfates)	6.50%
IRON expressed as elemental (derived from Sulfides & Sulfates)	0.50%
MANGANESE expressed as elemental (derived from Sulfides & Sulfates)	0.05%
ZINC expressed as elemental (derived from Sulfides & Sulfates)	0.05%

DESCRIPTION

1. **Balanced Fertilizer:** is designed to give dichondra lawns one complete feeding of Nitrogen, Phosphate and Potash at recommended rate. Iron, Zinc, Manganese, and Sulfur are added to correct deficiencies common in western soils.
2. **Prevents Weeds:** by killing the seeds as they try to germinate. Weeds controlled: Common Chickweed, Annual Bluegrass, Poa Annual, White Clover, Purslane, Knotweed, Ryegrass, Foxtail, Oxalis, Crabgrass, Spotted Spurge, Pigweed and Lambquarter.
3. **Suppresses Perennial Grasses:** and deep rooted broadleaf weeds: Oxalis, White Clover, Bermuda Grass, Kentucky Bluegrass, Annual Bluegrass, Ryegrass and Chickweed.
4. **Controls Insects:** Cutworms, Millipedes, Lawn Moth Larvae, Armyworms, Vegetable Weevils, Ants, Earwigs, Fleas and Leafhoppers.

WHEN TO USE

Dichondra Special 12-3-6 may be applied to dichondra any time of the year. For best weed control, late winter and early spring application is preferred.

DIRECTIONS FOR USE

1. **USE ONLY ON DICHONDRA LAWNS.**
2. Apply any time of the year. For optimum weed control, first application should be made in January or February.
3. For suppression of Bermuda Grass, initial application should be followed by another application 6 weeks later.
4. Do not apply over three times a year. Use twice in spring, 6 weeks apart, once again in fall, September or October. For interim feedings use our Dichondra and Lawn Food 20-4-4.
5. Apply when dichondra leaves are dry. Contents of this bag will treat 2500 square feet.
6. To activate the product wash off of leaves immediately after application, then water thoroughly. Avoid drift of dust to desirable plants.
7. Suggested spreader settings*:

SPREADER	SETTING
Best Deluxe Spreader	4
Central Spreader	4
Sears Roebuck Spreader	4
Scotts Spreader	4-1

*NOTE: Individual spreaders may vary after being in use for a time. These settings are for a spreader in new condition.

CAUTION: Keep out of the reach of children. DO NOT APPLY TO GRASS LAWNS. Keep away from ornamental shrubbery and bedding plants. Harmful if swallowed. Avoid contact with skin, eyes or clothing. Wash after handling. May cause irritation of eyes, nose, throat and skin. Do not contaminate feeds and foodstuffs. Keep pets and children off treated areas until material has been washed into soil and lawn is dry. Do not apply to areas where roots of fruit trees, vegetables or other food crops may extend, or roots of other desirable trees and shrubs.

KEEP OUT OF ANY BODY OF WATER. DO NOT USE WHERE RUNOFF WILL CONTAMINATE STREAMS, LAKES, PONDS, IRRIGATION OR DOMESTIC WATER. Dispose of empty container or any spillage promptly - burn or bury.

NON-WARRANTY: Seller makes no warranty, express or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of the material when such use and/or handling is contrary to label instructions. Because the time, place, rate of application and other conditions are not seller's control, seller's liability from the handling and use of this product is limited to replacement of product or refund of purchase price. Return unused portions of bag to your Best dealer for refund if not satisfied with results.
