DIRECTIONS FOR USE

SHAKE BEFORE USE

Comments

Point valve opening away from face and angled slightly downward. For best results use when air is calm or breeze is slight.

For Flying Insects: Spray with the breeze and allow fog to drift over area to be protected. When treating grass or bushes, stand at least 4 to 6 feet away and drift spray on to areas to be protected. Repeat as necessary.

For crawling Insects: Ants, Crickets, Centipedes, spray infested surface of patio or picnic area, hitting as many insects as possible. Spray legs of tables and chairs to repel crawling insects. Spray ant hills and trails thoroughly for best control.

**CAUTION**

Contents under pressure. Cover exposed food. Do not apply to food crops. Not for indoor use. Do not smoke while spraying. Avoid inhalation. Do not spray toward face. Do not puncture or incinerate this can. Do not set container on stove or any area where temperature may exceed 120° F. which may cause container to burst.

Do not apply on household pets. Do not contaminate fish ponds. Keep 4 to 6 feet away from ornamental plants while spraying.

NON-WARRANTY: Because the time, place, rate of application and other conditions of use are beyond sellers control, seller's liability from the handling, storage and use of this product is limited to replacement of product or refund of purchase price.
