ROSE & ORNAMENTAL

Plant Food with Systemic-Insecticide

10-10-10

A scientifically prepared plant food combined with an effective systemic insecticide that enters the plant through the root system. When placed near the roots, the insecticide is picked up and moves in the sap stream to all parts of the plant where it kills insects as they feed on the plant.

When used as directed, this product will kill the following insects on Roses, Ornamental Shrubs and Flowers:

Aphids (plant lice)

Spider Mites

Mimosa Webworms

Leafhoppers

Birch Leaf Miners

Thrips

Whiteflies

Holly Leaf Miners

Lace Bugs

Pine Tip Moths

DIRECTION FOR USE: Use 2 tablespoons (1 oz.) for measuring. Apply when plants have about one inch of new growth in the spring and at intervals of six weeks through the summer.

ESTABLISHED ROSES: Spread 4 tablespoons (2 ozs.) evenly around the base of each plant and work into the top 1 to 2 inches of soil. Water thoroughly.

FLOWERS, BULBS AND BEDDING PLANTS: Apply 2 lbs. per each 100 sq. ft. (5' x 20') of bed area and work into top 1 to 2 inches of soil. Plant seeds, bulbs, or set plants and water thoroughly.

OUTDOOR POTTED PLANTS: Apply one level teaspoonful per six inch pot by punching a number of small holes into pot soil with a small stick. Pour the granules into the holes and water thoroughly.

ORNAMENTAL SHRUBS: Apply 8 tablespoonfuls (4 oz.) per each foot of shrub height (12 ounces for a 3 foot high shrub). Distribute evenly from the base to the drip line on all sides of the shrub. Work into the top 1 to 2 inches of soil and water thoroughly.

WARNING: May be fatal if swallowed. May be absorbed through the skin. Wear rubber gloves. Do not get on skin, clothing or in eyes. Do not breathe dust. Poisoning may occur as a result of excessive exposure. Do not contaminate feed or foodstuffs. Do not use around fruit trees or vegetable plants. Do not broadcast application to lawn. Keep children and pets away from treated area until product is worked and watered into soil, and treated area is completely dry. Wash hands thoroughly after handling. Do not reuse container for any purpose. Destroy empty container by burning. Stay away from smoke and fumes. Keep container tightly sealed during storage. Sweep up spills on walks and patios, and hose area.

This product is toxic to fish, birds, and other wildlife. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

DO NOT STORE WHERE THIS PRODUCT CAN CONTAMINATE FEED OR FOOD.

If swallowed, induce vomiting by giving a tablespoonful of salt in a glass of warm water and repeat until vomit fluid is clear. Call a physician immediately.

Note to physician: Contains organic phosphate insecticide (inhibits cholinesterase). **ANTI-DOTE:** Atrophine Sulfate.

NON-WARRANTY: Because the time, place, rate of application and other conditions of use are beyond Seller's control, Seller's liability from the handling, storage and use of this product is limited to replacement of product or refund of purchase price.
