(derived from sulfides & sulfates)	

DIRECTIONS FOR APPLICATION

1. The contents of this (2) lb. bag will treat 2,500 sq. ft. of surface area.
2. Apply when weeds are young and actively growing on established turf.
3. Before application sprinkle lightly.
4. Avoid drift to or contact with desirable plants. Do not apply within dripline of trees & shrubs.
5. Do not mow or water within 24 hours after treatment.

CAUTION: Keep children and animals off treated areas until washed into soil and grass is thoroughly dry. Avoid contact with skin, eyes and clothing. Harmful if swallowed. Avoid prolonged breathing of dust or spray. Must wash thoroughly after use. Do not apply on Dichondra, Lippia, Bentgrass or clover lawns. Avoid dust drift; vapors may cause injury to susceptible crops and ornamentals in the immediate vicinity. Do not store near fertilizers, seeds, insecticides or fungicides. Do not contaminate feed or foodstuffs. Do not contaminate waters used for domestic use, fish ponds, lakes or streams. Do not use in areas where it may be injurious to plants or animals. Do not use in areas where it may be injurious to plants or animals.
