PEST CONTROL PRODUCTS COMPANY

NEW YORK, N.Y.

Remove protective cap, hold upright. Point spray opening away from you and press valve downward. Apply spray in short bursts.

TO KILL HOUSEHOLD INSECTS (Indoors)

To kill flies, mosquitoes, gnats, wasps, flying roaches and other flying insects: Close all doors and windows and direct spray upward into center of room with a slow, sweeping motion. Spray 5 to 10 seconds for average room. Keep nozzle 3 feet from surfaces. Keep room closed for 15 minutes after spraying.

To kill roaches, waterbugs, silverfish, crickets, ants and other crawling insects: Spray baseboards, cracks, crevices, moist areas and openings around sinks and pipes and other hiding places, hitting the insects directly. Spray ant hills and ant trails over window and door sills and other locations.

To kill clothes moths, carpet beetles: Spray all articles to be protected, giving particular attention to folds and seams. Spray interior of storage containers such as closets, chests and trunks regularly. Treatment should be repeated every thirty days unless the articles are stored in a airtight container.

To kill bedbugs: Spray mattresses thoroughly, especially around seams and tufts. Spray bedstead, baseboards, floor boards. Repeat frequently.

TO KILL GARDEN PESTS (Outdoors)

For bugs on such plants as Asters, Azaleas, Begonias, Day-lilies, Dahlias, Delphiniums, Gladioli, Irises, Marigolds, Petunias, Roses and Snapdragons. Also for use on evergreens and small ornamental deciduous trees, shrubs and vines.

When sprayed directly on insects this spray kills sucking insects such as aphids, leafhoppers, spotted mites, thrips (exposed) and lace bug. Kills chewing insects such as beetles.

For best results spray in evening or on a cloudy day when air is still. Use slow sweeping motion. Keep can 18 inches from plants. Avoid wetting foliage with the spray. Spray rows at the rate of 1 ft. per second. For heavy growth, spray row on both sides. Repeat when needed. Spray with caution on young plants and new growth. Do not spray garden when temperature exceeds 90° F.
