KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED call a physician immediately.

IF INHALED remove victim to fresh air.

IF ON SKIN wash immediately with soap and water.

IF IN EYES flush eyes for at least 15 minutes. Call a physician immediately

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Avoid inhaling spray mist. This material may cause skin irritation. Avoid contact with skin by wearing the following protective clothing: long sleeved shirt, long pants, socks and shoes. Wash hands thoroughly after use.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Keep out of lakes, streams and ponds. Do not apply to water that will be used for recreational purposes or human consumption. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

PHYSICAL OR CHEMICAL HAZARDS

CAUTION COMBUSTIBLE LIQUID

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR
OPEN FLAME - DESTROY THIS CONTAINER WHEN EMPTY
NEVER REUSE

Do not plant any root crop not registered for PCNB in rotation on PCNB treated soil. Protect from temperatures below 20° F

STORAGE AND DISPOSAL

KEEP CONTAINER TIGHTLY SEALED DURING STORAGE. Do not reuse empty container. Keep pesticide in original container. Do not put concentrate or dilute into food or drink containers. Wrap container and put in trash collection.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

LAWNS: Brown Patch - *Rhizoctonia Solani*. For Southern or warm season lawns such as St. Augustine, Bermuda and similar grasses, make one application in the fall or spring at first indication of infection. Mix 1 quart in sufficient water (10 to 15 gallons) to cover 1,000 sq. ft. Apply by means of a sprinkler can, spray or any other convenient method of obtaining even coverage. Following application, the treated area should be lightly watered to insure movement through the grass to the soil level. If the treated area is subjected to unusually heavy rainfall, or flooded, or if the disease is severe or reappears, the area should be retreated 3 to 4 weeks later. Under certain growing conditions, a temporary discoloration of the grass occasionally may occur. This causes no harm and will disappear in a short time. Do not graze treated areas. Do not feed clippings to livestock.

FOR DICHONDRA: Treat as above, using 1 1/2 quarts mixed in 40 gallons of water per 1,000 sq. ft.

ORNAMENTALS

AZALEA & CAMELLIA: Azalea Petal Blight, Camellia Flower Blight. Apply as a drench under plants at a rate of 1 1/2 quarts in 30 gallons of water per 150 sq. ft. Begin application prior to buds opening and repeat every 3 to 4 weeks through the bloom period.

Gentlemen:

Subject: Vertimitor 2 Fungicide
EPA Registration No. 7061-175
Your Letter Dated April 10, 1963

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Fertilizer Act, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted.

1. In the Environmental Hazard Statement, change "Keep out...poison" to "Do not apply directly to water."

A stamped copy of the label is enclosed for your records.

Sincerely yours,

[Signature]
