Ms. Lisa J. Strong
Regulatory Consultant
J.R. Simplot Company
P.O. Box 198
Lathrop, CA 95330-0198

Dear Ms. Strong:

This is in response to your request dated August 10, 2002 to change the primary brand name for **EPA Registration 7001-379** from Dimension 86 Pre-Emergence Weed Control with Plant Food to:

TURF FERTILIZER WITH 0.86% DIMENSION

Your request for the name change is accepted and the change will be made to the Agency's records. All future correspondence on this product should reference the new name.

Sincerely yours,

/s/

Sherada D. Hobgood
Notifications Review Coordinator
Registration Division (7505C)

TURF FERTILIZER WITH 0.86% DIMENSION®

NOTIFICATION
SEP 17 2002

CONTAINS DIMENSION®
For Effective Crabgrass Control
NON-STAINING

*Can be applied Up to 4 Weeks Longer Than Other Crabgrass Preventers
and Controls Crabgrass All Season Long*

ACTIVE INGREDIENT:

Dithiopyr, 3,5-pyridinedicarbothioic acid, 2-(difluoromethyl)-4-(2-methylpropyl)-6-(trifluoromethyl)-S,S-dimethyl ester	0.86%
INERT INGREDIENTS:	99.914%
Total	100.000%

Product protected by U.S. Patent No. 4,692,184. Other patents pending.

EPA Reg. No. 7001-379

EPA Est. No. 7001-MO-1

KEEP OUT OF REACH OF CHILDREN
CAUTION

READ THE ENTIRE LABEL BEFORE USING THIS PRODUCT

Use only according to label instructions.

NOTICE: Before using this product, read the entire Precautionary Statements, Conditions of Sale and Warranty, Directions for Use, Use Restrictions and Storage and Disposal Instructions. If the Conditions of Sale and Warranty are not acceptable, return the product unopened within thirty days of purchase to the place of purchase.

TURF FERTILIZER WITH 0.86% DIMENSION®

ENVIRONMENTAL HAZARDS

This product is toxic to fish and highly toxic to other aquatic organisms including oysters and shrimp. Use with care when applying to turf areas adjacent to any body of water. Drift and runoff from treated turf may adversely affect aquatic organisms in adjacent aquatic sites. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor drift from treated areas. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in any manner inconsistent with its labeling. Not for use in the State of New York.

GENERAL INFORMATION

This is a combination product that provides both weed control and the required nutrients for optimum turfgrass growth all in a single product. It contains Dimension®, a selective herbicide that can be applied up to 4 weeks longer than other crabgrass preventers and provide up to 4 months control of crabgrass and other grass and broadleaf weeds prior to their establishment in lawns and ornamental turfgrasses. Apply to lawns and ornamental turfgrasses that are well established (See "Use on the following Turfgrasses" section for a list of the tolerant turfgrasses). This product will not harm nearby established ornamentals when used according to label.

USE PRECAUTIONS

This product should only be applied to lawns and ornamental turfgrasses that are well established. Use of this product on lawns and ornamental turfgrasses that are not well established, or have been weakened by stress due to mechanical operations, pests, excessive temperatures, or lack of moisture may increase the chances for turfgrass injury.

HOW TO APPLY

APPLICATION EQUIPMENT AND INSTRUCTIONS

This product can be applied with a drop or rotary type spreader designed to apply granular fertilizers. For best results, apply the product evenly and uniformly over the turfgrass area avoiding streaking, skips or overlaps. Avoid the use of spreaders that would apply this product in narrow rows or concentrated bands. Before each application, calibrate the spreader according to the equipment manufacturer's directions. Adjust the spreader setting of this product as recommended below.

*A more uniform application can be made by spreading one-half of the recommended amount of this product over the turfgrass area and then applying the remaining one-half of this product at a right angle to the previous application direction. *See 1/2 rate in Spreader Settings. Check application equipment frequently to insure equipment is functioning properly and applying a uniform distribution of product.

WEEDS CONTROLLED/SUPPRESSED

This product will provide control of crabgrass and other grass and broadleaf weeds when applied prior to their establishment in established lawns and ornamental turfgrasses.

Grass Weeds		Broadleaf Weeds	
Annual Bluegrass	Goosegrass	Bittercress	Creeping Oxalis
Annual Ryegrass	Green Foxtail	Buttercup Oxalis	Henbit
Barnyardgrass	Kikorygrass (seedling)	Carolina Geranium	Parley-plant
Crabgrass	Perennial Ryegrass	Chickweed	Pineappleweed
Crowfootgrass	Smutgrass (seedling)	Common Lespedeza	Prostrate Spurge
	Yellow Foxtail	Common Purslane	Spotted Spurge
		Common Speedwell	Yellow Woodsorrel

USE OF THE FOLLOWING TURFGRASSES

This product can be applied to the following turfgrasses when applied as directed

Cool-Season Turfgrasses	Warm Season Turfgrasses
Creeping Bentgrass	Bahiagrass
Fine Fescues	Bermudagrass
Kentucky Bluegrass	Buffalograss
Perennial Ryegrass	Carpetgrass
Tall Fescues	Centipedegrass
	St. Augustinegrass
	Zoysiagrass

This product should be applied in the spring or fall prior to the establishment of weeds in established lawns and ornamental turfgrasses.

It can be applied up to 4 weeks longer than other crabgrass preventers and still provide season-long weed control. This is due to the Dimension® herbicide component of this combination product. It provides both preventative (preemergence) control of crabgrass and other weeds when applied prior to their germination, and postemergence control of crabgrass. The postemergence control provided by this product is limited to crabgrass only and will provide control of crabgrass when applied up to 4 weeks after crabgrass germination. Application of this product later than 4 weeks after crabgrass germination will result in reduced control of crabgrass.

For control of other grass and broadleaf weeds, this product must be applied as a preventative treatment before their germination. Only crabgrass can be controlled with delayed applications after germination.

Tips for Improved Weed Control: For best results, apply this product within a few days after mowing and delay further mowings after the application until the lawn or ornamental turfgrass has been watered or received significant rainfall to dissolve the fertilizer granules. Improved weed control may be observed when treated lawn or ornamental turfgrass is watered or receives rainfall.

RECOMMENDED USE RATE FOR THIS 3 BAG

Region of U.S.	Length of Weed Control	
	2-3 Months Control	3-4 Months Control
NORTH	1 Bag to treat 5,000 sq. ft.	1 Bag to treat 3,500 sq. ft.
SOUTH	1 Bag to treat 3,500 sq. ft.	1 Bag to treat 2,500 sq. ft.

WHEN TO APPLY APPLICATION TIMING

This product may be applied either in the spring or in the fall for the control of weeds. When this product is applied in the fall, a sequential or second application should be made the following spring to provide season-long control of weeds. If this product is applied in the fall, DO NOT reseed, overseed or sprig turgrasses within 16 weeks after application of this product due to potential turgrass injury to the newly reseeded, overseeded, or sprigged turgrasses.

LENGTH OF WEED CONTROL

This product will provide up to 4 months of weed control if applied according to label directions. The actual length of control will vary depending on use rate, weather conditions, condition of the turgrass, intensity of weed pressure, and the location or "Region" within the United States that this product is being applied. Please check the map below to determine which "Region" of the U.S. that applies to your particular use area. Not for use in the State of New York.

Reseeding, Overseeding, or Sprigging of turgrasses into areas that have been previously treated with this product should be delayed until 16 weeks after application. Reseeding, overseeding, or sprigging within 16 weeks or earlier after application may inhibit the establishment of the newly reseeded, overseeded or sprigged turgrasses.

- DO NOT apply more than 13.34 pounds of this product per 1,000 square feet of turgrass area during the year.
 - DO NOT apply to flowers, vegetables, or fruit trees.
 - DO NOT use clippings from treated turf for mulching around flowers, vegetables or fruit trees.
 - DO NOT apply this product to pastures.
- Keep people and pets off treated areas until dust has settled.

STORAGE AND DISPOSAL

STORAGE: Store this product only in its original container in a dry, cool, secured storage area. Do not contaminate water, foodstuffs, feed or seed by storage or disposal.

PRODUCT DISPOSAL: Wastes resulting from the use of this product that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticide disposal or in accordance with applicable Federal, State or local procedures.

EMPTY CONTAINER DISPOSAL: Do not reuse bag. Completely empty bag into application equipment. Dispose of emptied bag(s) in a sanitary landfill, or by incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

SPILL: In case of spill, sweep up material and dispose of material according to "product disposal" directions listed above.

CONDITIONS OF SALE AND WARRANTY

J.R. SIMPLOT COMPANY warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use. J.R. SIMPLOT COMPANY MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES EITHER OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR USE. Handling, storage and use of the product by Buyer or User are beyond the control of J.R. SIMPLOT COMPANY and Seller. Risks such as crop injury, ineffectiveness or other unintended consequences resulting from, but not limited to, weather or soil conditions, presence of other materials, disease, pest, drift to other crops or property or failure to follow label directions will be assumed by the Buyer or User. IN NO CASE WILL J.R. SIMPLOT COMPANY OR SELLER BE HELD LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE HANDLING, STORAGE OR USE OF THIS PRODUCT.
