Sold By WINN CHEMICAL COMPANY

Rt. 4, Box 102 • Mount Airy, N. C.

DIRECTIONS: For pesty ants on lawns scatter 1 to 3 tablespoons along trails. Repeat after 6 weeks if necessary.

WARNING: Hazardous if swallowed or absorbed through the skin. Do not get on skin, in eyes or on clothing. Wash with soap and water after using and before eating or smoking. Do not contaminate feed or foodstuffs. Keep out of reach of children or domestic animals. Do not apply in areas accessible to children or domestic animals.

DIRECTIONS: For waterbugs and roaches. Place bait in close welded bait stations along the runways and places infested with waterbugs and roaches. Place in closets and cabinets. Place where children and pets cannot reach. Place remainder in jar, keep cap closed and repeat treatments as needed to maintain control. Bait is good as long as needed.
