DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Use **2.5 ozs. per 100 lbs. of fabric**, dry weight, in the final, warm rinse cycle at a low water level. Dilute the appropriate amount of Bio-MAGIC RINSE™ in 1 gallon of water; then add to the wash in the final rinse, or dispense directly through automatic dispensing equipment. Run for a minimum of 8 minutes. Retreat as necessary.

DO NOT USE IN THE PRESENCE OF OTHER CHEMICALS OR PRE-MIX WITH OTHER CHEMICALS!

Bio-MAGIC RINSE™ is to be used as an adjunct to standard laundering routine. It is not intended as a terminal disinfectant for fabric or hard surfaces.

WHEN USED AS DIRECTED

Bio-MAGIC RINSE™ renders treated fabric bacteriostatic against odor-causing Gram positive and Gram negative organisms under conditions of high humidity and wet contamination.

Bio-MAGIC RINSE™ softens fabrics, provides production benefits in various stages of laundering, and extends fabric life by lubricating fibers.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.
PESTICIDE STORAGE: Open dumping is prohibited. Store only in original container. Do not reuse empty container. If a leaky container must be contained within another, mark the outer container to identify the contents. Store pesticides away from food, pet food, feed, seed, fertilizers, and veterinary supplies. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse this container to hold materials other than pesticides or diluted pesticides (rinsate). Offer for recycling if available or puncture and dispose in a sanitary landfill, or by other procedures approved by state and local authorities. If rinsate cannot be used, follow pesticide disposal instructions.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.
