OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

November 5, 2015

Mr. Kevin Kutcel
Regulatory Agent
c/o Edmar Chemical Company
5807 Churchill Way
Medina, OH 44256

Subject: Label Amendment – Revise the Precautionary Labeling Statements as per California’s Department of Pesticide Regulation’s request
Product Name: Endew
EPA Registration Number: 7048-8
Application Date: September 3, 2015
Decision Number: 509051

Dear Mr. Kutcel:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

EPA Reg. No. 7048-8
Decision No. 509051

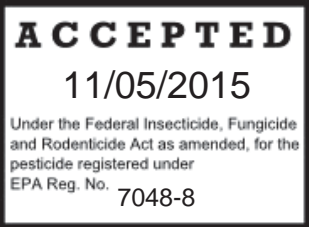

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Karen M. Leavy by phone at (703)-308-6237, or via email at Leavy.Karen@epa.gov.

Sincerely,

Eric Miederhoff

ENDEW™

Fabric Mildew Inhibitor & Sanitizer

EPA. REG. NO. 7048-8 • EPA. EST. NO. 15596-OH-01
 ACTIVE INGREDIENT: Didecyl Dimethyl Ammonium Chloride.....50%
 OTHER INGREDIENTS:.....50%
 TOTAL:.....100%

EDMAR CHEMICAL COMPANY
 Cleveland, OH • USA
 440.247.9560 • www.EdmarChem.com

ENDEW™ sanitizes fabrics, reducing bacterial count by 99.9%. ENDEW™ controls musty odors and discoloration on all fabrics due to molds, mildew and fungi. ENDEW™ is for use on fabrics, such as; diapers, athletic apparel, table linens, bedding & towels and hospital and institutional linen.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling

MILDEW CONTROL

For 2 week protection, use **1/2 oz per cwt** of fabric (dry weight)

For 3 week protection, use **1 3/4 oz per cwt** of fabric (dry weight)

For 30 days protection, use **2 1/4 oz per cwt** of fabric (dry weight)

BACTERIAL CONTROL

At this use level, ENDEW™ imparts to the fabric a residual self-sanitizing and residual bacteriostatic finish under humid or wet contamination conditions (ie. Diapers and bed linens of incontinent persons) during normal conditions of use and storage. This activity has been confirmed against *Klebsiella pneumoniae* ATCC No. 4352 and *Staphylococcus aureus* ATCC No. 6538.

At this use level, ENDEW™ sanitizes and imparts to the fabric a residual self-sanitizing and residual bacteriostatic finish under humid of fabric (dry weight) or wet contamination conditions (ie. Diapers and bed linens of incontinent persons) during normal conditions of use and storage. This activity has been confirmed against *Klebsiella pneumoniae* ATCC No. 4352 and *Staphylococcus aureus* ATCC No. 6538.

ENDEW™ is used in the final, warm rinse cycle at a low water level. Dilute the appropriate amount of ENDEW™ in one gallon of water; then add to the wash in the final rinse, or dispense directly through automatic dispensing equipment. Retreat as necessary. ENDEW™ will not harm fabrics. **DO NOT USE IN THE PRESENCE OF, OR MIX WITH OTHER CHEMICALS!**

Precautionary Statements
Hazards To Humans & Domestic Animals.
KEEP OUT OF REACH OF CHILDREN
DANGER

Corrosive. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (goggles or face shield), rubber gloves and protective clothing. May be fatal if swallowed. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

For Commercial & Institutional use only.

FIRST AID	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment	
IF INHALED	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. • Call a poison control center or doctor for further treatment advice.
IF ON SKIN OR CLOTHING	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for further treatment advice.
IF IN EYES	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for further treatment advice.
IF SWALLOWED	<ul style="list-style-type: none"> • Call poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
<p>NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.</p>	

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Open dumping is prohibited. Store only in original container. Do not reuse empty container. If a leaky container must be contained within another, mark the outer container to identify the contents. Store pesticides away from food, pet food, feed, seed, fertilizers, and veterinary supplies. Keep this product under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse this container to hold materials other than pesticides or diluted pesticides (rinsate). Offer for recycling if available or puncture and dispose in a sanitary landfill, or by other procedures approved by state and local authorities. If rinsate cannot be used, follow pesticide disposal instructions.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.
