

JUN 12 1991

Mr. Sidney K. Saksenberg
CSA Limited, Inc.
P.O. Box 69034
Houston, TX 77269-0347

Dear Mr. Saksenberg:

Subject: Revised Labeling and Alternate Formulation
Chem Spray Bug Ban Insect Repellent Spray
EPA Reg. No. 7056-20
Submission dated May 13, 1991

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

- 1) Delete the term "DEET" from the ingredient statement as this is not an acceptable chemical name.
- 2) Enhance the "Hazards to Humans" subheading to include "Hazards to Humans and Domestic Animals". The signal word, "CAUTION", should be relocated to come after this subheading.

The Confidential Statement of Formula dated May 13, 1991 is acceptable. Have your supplier submit the complete composition for the inert ingredient, Mane MF-1517.

Sincerely,

Rfm
Richard F. Mountfort

Bug Ban Insect Repellent Spray provides hours of protection for the whole family from mosquitoes, and biting flies. Also repels ticks, chiggers, and other small flying insects. Bug Ban is not greasy and has a fresh, pleasant scent.

This aerosol spray allows you to hold the can and spray at an angle . . . even upside down . . . to cover ankles, legs, even your back.

PRECAUTIONARY STATEMENTS:

CAUTION: HAZARDS TO HUMANS. For external use only. Do not get in eyes or mouth. Harmful if swallowed. Avoid breathing spray mist. Avoid contact with lips or open cuts. Do not apply to excessively sunburn skin. Do not expose treated skin or clothing to fire, sparks or flame until liquid has evaporated. Do not spray directly on face.

PHYSICAL AND CHEMICAL HAZARDS: EXTREMELY FLAMMABLE. Contents under pressure. Do not use or store near fire, sparks or heated surfaces. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STATEMENTS OF PRACTICAL TREATMENT:

IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water & induce vomiting by touching the back of throat with finger. DO NOT induce vomiting or give anything by mouth to an unconscious person.

IF ON SKIN: May cause skin reactions in rare cases. If so, wash with soap and water. Get medical attention if irritation persists.

If in Eyes: Flush with plenty of water. Get medical attention.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Hold unit 4 to 6 inches from skin or clothing while spraying, keeping nozzle pointed away from face. Slightly moisten skin or clothing with a slow sweeping motion. Frequent reapplication and saturation is unnecessary. Apply on face by first spraying small amounts in palm of hand and spreading on face and neck. Do not apply to the hands of young children. Will not damage cotton, denim, wool, nylon or Orlon. Do not apply on or near synthetic fabrics such as Rayon, Spandex or Dynel, leather, plastic watch crystals and painted or varnished surfaces.

For clothing treatments to protect against mosquitoes, biting insects, chiggers, (mites), and ticks a thorough application should be made where bites occur. A thorough application requires three to four ounces of material or three to four minutes of spraying time. Against mosquitoes, biting flies, fleas, mites, and chiggers; one application is effective for a week if repellent is not washed away. It is also effective against tick for three to four days.

STORAGE: Store in a cool dry place, away from heat, sparks and open flame. Do not store at temperature over 130°F

DISPOSAL: Do not reuse empty containers. Wrap container and discard in trash. Do not puncture or incinerate.
