

25 JUN 1992

Mr. Sidney K. Saksenberg  
CSA Limited, Inc.  
P.O. Box 690347  
Houston, TX 77269-0347

Dear Mr. Saksenberg:

Subject: Revised label  
Chem Spray Formula Number 1  
EPA Reg. Number 7056-21  
Submission: June 4, 1992

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

1. Add - **Contains Petroleum distillate** as a footnote to the ingredient statement.
2. Delete - **Flash Point .....None.** This can be construed as a safety claim.

Sincerely,

Richard F. Mountfort  
Product Manager 10  
Insecticide & Rodenticide Branch  
Registration Division (H-7505 C)

EPA REG. NO. 7056-21 EPA EST. NO. 7056-TX-1

ACCEPTED  
with COMMENTS  
in EPA Letter Dated

25 JUN 1992

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, for the pesticide  
registered under EPA Reg. No.

7056-21

rev. 6/4/92

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For use in homes, bakeries, food plants, restaurants, schools, hotels, motels, office buildings, hospitals, and food handling plants.

Remove protective cap. Hold container upright, point valve in desired direction and press button to spray.

FOR HOUSEFLIES, MOSQUITOES AND GNATS: Close all doors and windows. Point nozzle upward, directing spray to all parts of the room, especially windows and other light sources which attract these insects. Fill room with mist, then leave the treated area. Keep the room closed for at least 15 minutes. Ventilate the room when treatment is completed. Sweep up and destroy fallen insects. Repeat treatment as necessary.

WASPS: Application should be made in late evening when insects are at rest. Spray liberally into hiding and breeding places, contacting as many insects as possible. Repeat as necessary.

FOR CRAWLING INSECTS: Roaches, earwigs, grain mites, sow bugs, spiders and centipedes: Spray thoroughly into hiding places such as cracks, crevices, moist areas, openings around pipes and sinks, under refrigerators, baseboards, and storage areas. Spray directly on insects when possible. Repeat as necessary.

ANTS: Spray trails, nest and points of entry. Spray on ants when possible. Repeat as necessary.

SPIDERS, CENTIPEDES, SOW BUGS, CRICKETS: Spray directly on webs and places where these pests crawl. Spray directly on insects when possible.

CARPET BEETLES, MOTH LARVAE: Clean and air contaminated materials before treating. Spray directly on pests, repeating treatment as needed. Articles not stored in mothproof container should be retreated every 30 days.

BEDBUGS: Spray cracks and surface of baseboards, floors, molding, and other contaminated areas. Take bed apart and treat mattress, springs and frame.

FLEAS: Spray floors, floor coverings, cracks, bedding, sleeping quarters, and other areas frequented by pets. Repeat as necessary. Do not spray pets.

STORAGE AND DISPOSAL

STORAGE: Do not use or store near heat or open flame.  
DISPOSAL: Wrap container and dispose of in trash. Do not incinerate.

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION

Avoid contamination of food and food stuffs. Food should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when the facility is not in operation. In hospitals, patients should be removed from room prior to treatment. Room should be ventilated for two hours after spraying. Do not return patients to room until after ventilation. Cover or remove fish bowls. Remove all pets from area to be treated.

STATEMENT OF PRACTICAL TREATMENT

If on Skin: In case of contact, remove contaminated clothing and immediately wash skin with soap and water  
If in Eyes: Flush eyes with plenty of water for 15 minutes. Call a physician.  
If Inhaled: Remove victim to fresh air. Apply respiration if indicated.

CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.
