

[7056-25]

DIRECTIONS FOR USE

For skin application to protect against mosquitoes, biting flies, gnats and fleas: Hold unit 4 to 6 inches from the skin of arms or legs while applying with a slow sweeping motion until surface is slightly moistened. Rub with hand to insure even distribution. To apply to face and neck, spray in palm of hand in short bursts and spread on the skin. AVOID CONTACT WITH EYES AND LIPS. DO NOT SPRAY DIRECTLY ON FACE.

For clothing treatments to protect against biting insects, chiggers, mites, and ticks. Treat shirt, trousers, and socks by holding unit 8 to 8 inches from the clothing while applying with a slow sweeping motion. Continue operation until surface is slightly moistened; saturation is not necessary. For mosquitoes and other biting flies, liberal application should be made where bites occur, such as across the shoulders and along the thighs. For ticks and chiggers, liberal applications should be made along all openings of clothing, such as inside the neck band, and the fly and cuffs of trousers and tops of socks. A thorough application requires 2 to 4 ounces of material or 3 to 4 minutes spraying time. Against mosquitoes, biting flies, fleas, and chiggers, one application is effective for a week if repellent is not washed away, and against ticks for 3 to 4 days. Clothing may be treated seven days before wearing. If irritation develops, discontinue wearing treated clothing.

CAUTION: HARMFUL IF SWALLOWED. AVOID CONTACT WITH EYES AND LIPS. This material affects lacquer, paint, certain plastic articles and some synthetic fabrics. Avoid contact with goggles, watch crystals, painted helmets, etc.

WARNING: Contents under pressure. Do not puncture. Do not use or store near heat or open flame. Exposure to temperatures above 130 F may cause bursting. Never throw container into fire or incinerator.

EPA Reg. No. 7056-25

CHEM-SPRAY BRAND INSECT REPELLENT SPRAY

STOCK NO. FNS.-6840-082-2541

(FEDERAL SPECIFICATIONS 0-1-503,
INSECT. REPELLENT, CLOTHING AND
PERSONAL APPLICATION)

TYPE 111

NET WT. 6 OUNCES AVDP

ACTIVE INGREDIENTS:

N,N-DIETHYL-META-TOLUAMIDE	71.25%
