

[7056-26]

DIRECTIONS FOR USE

For skin applications to protect against mosquitoes, biting flies, gnats and fleas. Shake about 12 drops into the hand, rub hands together, and apply thoroughly in a thin layer to all areas of exposed skin, such as in washing. Sufficient repellent should be applied to give a uniform coating. **AVOID CONTACT AROUND EYES AND LIPS.** For clothing treatments to protect against biting insects, gnats, flies, fleas and ticks. When used on clothing, more repellent with bulk repellent should be applied to the neck, armpits, cuffs, and other clothing. Make sure to treat along all openings of the clothing, such as the neckband and the cuffs. Treat the sleeves and where cloth meets the body, such as the shoulders, elbows, and knees. Repeat smearing process several times. At least 2 ounces of repellent have been found to treat clothing as effective for 10-15 days if repellent is not washed away. Clothing may be treated the day before wearing. If irritation develops, discontinue wearing treated clothing.

CAUTION: Harmful if swallowed. **FOR EXTERNAL USE ONLY. AVOID CONTACT WITH EYES AND LIPS.** This material affects lacquer, paint, certain plastic articles, and some synthetic fabrics. Avoid smearing on goggles, water cisterns, painted helmets, etc.

WARNING: FLAMMABLE! KEEP AWAY FROM HEAT OR OPEN FLAME.

EPA Reg. No. 70-56-76

**CHEM-SPRAY BRAND
INSECT REPELLENT**

STOCK NO. FSN-6840-753-4960

FEDERAL SPECIFICATIONS 0-1-503
INSECT REPELLENT, CLOTHING AND
