# FOAM SHAMPOO

WITH SODIUM BITHIONOLATE\*

*For Dogs and Cats*

ACTIVE INGREDIENTS: Triethanolamine Lauryl Sulfate, 20.00%; "Diethanolamide of Lauric" and "Myristic Acids," Superamida, 4.50%; Polyoryethylene Sorbitan Monooleate, 1.00%; \*Bithionolate, Sodium Bithionolate, Disodium 2,2'-thiobis (4,6-dichlorophenoxide), 2.00%; Lanolin, 1.00%; Pyrethrins, 0.10%; Technical Piperonyl Butoxide\*, 0.50%.

INERT INGREDIENTS: 70.90%.  
\*Equivalent to 0.40% (butylcarbityl(6-propylpiperonyl) ether and 0.10% related compounds.

SILICONIZED TO GLOSS FUR AND REMOVE TANGLES

STOPS ODORS - KILLS FLEAS

CLEANS AND BEAUTIFIES THE COAT

**CAUTION:** Keep out of reach of children.

*7225-7*

DIRECTIONS: Wet fur with water. Apply shampoo small amounts at a time. Rub in well starting at head and working back. Add more water and more shampoo, if needed, to make a rich foam lather. This shampoo contains no alkali. It rinses clean. Lanolin is added for increased lustre and to improve texture of fur. Leave shampoo on animal for a short period to improve flea control.

DIRECTIONS FOR CATS: Shake about one teaspoonful of shampoo into a pint of warm water. Use quart, or larger, pan or bowl. Stir vigorously. Use foam only. Scoop off foam with hand or cloth and rub well into fur. Brush or wipe with cloth to bring out lustre in fur.
