SHAKE WELL BEFORE USING

DIRECTIONS FOR USE. Remove cap, shake well, and press button to release foam. Apply a strip of foam down the back, extending from the neck area approximately one foot from the base of the tail. The foam will penetrate the hair, breaking down gradually to produce an effective back-line coverage. This treatment will control fleas on cats and kittens. Repeat treatment if necessary, but not more than once weekly. Do not allow foam to get in eyes or on scrotum.

CAUTION: Do not contaminate feed, water, or foodstuffs. Keep out of reach of children. Wash hands after use. Do not treat kittens less than four weeks old. Contents under pressure. Do not store near sources of heat. Never puncture container or throw into fires or incinerators. Harmful if swallowed. Avoid contact with skin. Avoid breathing of vapor.
