

For use in motels, hotels, institutions, Restaurants, homes, food storage, packaging and processing areas.

For the control of flies, mosquitoes, roaches, silverfish, and ants.

HIGH GRADE SPACE SPRAY INSECTICIDE is especially formulated to control those insect pests found in institutions, restaurants, hotels, motels, offices and the home.

#### DIRECTIONS

For the treatment for flies, mosquitoes, and moths, direct a fine spray toward the upper portions of the room. The rate of application should be 2 to 4 ounces per 1000 cubic feet of area. Keep room closed and vacant for ten minutes. Sweep up and destroy all fallen insects.

For the temporary treatment for roaches, silverfish and ants, spray until wet around drain and pipe openings, in all cracks and crevices, around floor baseboards, on door and window ledges and openings. Spray along ant trails and places where pests may be entering.

## CHEM-SPEC

# HIGH GRADE

## Space Spray Insecticide

FOR THE CONTROL OF  
FLIES, MOSQUITOES, ROACHES,  
SILVERFISH AND ANTS
