NET CONTENTS. 1 Pound

MANUFACTURED BY CSA Ltd., Inc. Houston, Texas

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Repeat until vomit fluid is clear. Call a physician immediately. Do not induce vomiting or give anything by mouth to an unconscious person.

If inhaled: Remove victim to fresh air. Apply respiration if indicated.

If on skin: Remove contaminated clothing and wash affected areas with soap and water.

If in eyes: Flush eyes for at least 15 minutes with water. Call a physician if irritation persists.

PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMAN & DOMESTIC ANIMALS
CAUTION**

Avoid contact with eyes, skin or clothing. Harmful if swallowed. Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Remove pets, birds and cover fish aquariums before spraying.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not puncture. Do not use near heat or open flame. Exposure to temperatures above 130°F may cause bursting.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish. Do not spray directly in water or pollutes (swamps, lagoons, marshes, and wetlands). Drift from treated areas may be hazardous to organisms in adjacent aquatic sites. Do not contaminate water when disposing of equipment washwaters.

STORAGE AND DISPOSAL

Do not store near heat or open flame. Do not reuse empty container. Wrap container and put in trash collection. Never throw container into fire or incinerator.

DIRECTIONS:
It is a violation of Federal law to use this product in a manner inconsistent with the directions on the label.

Food should be removed from food processing surfaces or thoroughly cleaned before use. In these areas, apply only to the surface.

Shake well before each use. Spray no more than 10 feet from the treated area. Do not use in household areas. Kills flies, mosquitoes, and other insects. Do not use on windows. Do not use on the face, especially in areas which attract these insects. Leave the treated area for 15 minutes. Ventilate the room. Sweep up and destroy if necessary.

KILLS WASPS AND HORNETS: Kill wasps and hornets by spraying directly on the insect. Repeat applications as necessary. **KILLS ANTS:** Spray trails and nests where possible. Repeat applications as necessary.

KILLS CRAWLING INSECTS: Kill crawling insects (beetles, spiders and other insects) by spraying directly on the insect. Repeat applications as necessary. **INDUSTRIAL PLANTS:** Kill insects on industrial plants.

INDUSTRIAL PLANTS: Kill insects on industrial plants. Kill mosquitoes, gnats (flies and flying moths) and other insects. Follow precautions on label. Do not use in areas with a slow sweep rate. Do not use in treated areas. To reduce the risk of insecticide resistance, rotate with other insecticides when the air is still. Always use the treated area. Repeat applications as necessary.

WASPS AND HORNETS: Kill wasps and hornets by spraying directly on the insect. Repeat applications as necessary. **SPIDERS:** Kill spiders by spraying directly on the insect. Repeat applications as necessary.

IMPORTANT - Sweep sweepings into a closed container after each treatment.
