Dear Larry Spears:

Subject: CSA Liquid Pet Spray
EPA Reg. No. 7056-100
Application dated March 16, 1990

The proposed amendment to the registration of the product cited above under the Federal Insecticide Fungicide and Rodenticide Act removing the active ingredient, MGK R-11 is acceptable subject to the comments listed below. A stamped copy of the label is enclosed for your records.

- 1) Provide the chemical identity of the ingredient, NGK F2428 Emulsifier system. The information should include the Chemical Abstracts Number and a Manufacturing Safety Data Sheet.
- 2) Provide the chemical identity and percentage of all components of the ingredient, Powder #745. Include Chemical Abstracts Numbers for each component and a Manufacturing Safety Data Sheet.
- 3) Submit a 1 year storage stability study for the product. The formulated product must be analyzed for its active ingredients at time zero and during a year of storage. The storage must be under warehouse conditions of temperature and humidity using containers similar to those which will be used in the trade. This data must be submitted with 15 months of the date of this letter.

Sincerely yours,

Phil Hutton
Product Manager (17)
Insecticide-Rodenticide Branch
Registration Division (H7505C)
