 Houston, TX 77268-0347

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This registration is being issued in accordance with FIFRA section 3(c)(7)(A) subject to the following conditions:

1. It is understood that you will submit/cite all data required for registration or reregistration of your product under FIFRA section 3(c)(7) when the Agency requires all registrants of similar products to submit such data.
2. Submit the following data or information as soon as possible, but no later than 90 days from the date of this registration.
 - a. Submit an updated revised Confidential Statement of Formula showing the certified limits for all the constituents of this product.
 - b. Submit a chemical information fact sheet for Shell Sol 71, (CAS No. 64741-65-7).
3. If the Agency issues a Notice of Intent to Cancel registration of this product under section 6 of the Act, in significant part because of the risks posed by the presence of Methylene Chloride, the Notice will state that the continued sale and distribution of existing stocks of this product after the date of cancellation will not be permitted. The registration of this product is approved on the condition that you will not request a hearing to challenge such an existing in a Notice of Intent to Cancel.

4. The following revisions apply to the proposed (draft) label for this product. The finished printed labels under which this product will be marketed must reflect these revisions.

- a. Add the following statement to the label:

This product contains the toxic inert ingredient Methylene Chloride.

This statement must be placed on the front panel immediately below the ingredient statement and must appear in the same type size as that which is required for the signal word following the child hazard precautionary statement.

- b. The Registration Number that has been assigned to this product must appear on the label as EPA Registration No. 7056-151.
- c. Since your data matrix does not give a dielectrical breakdown voltage, you must add the following to the use directions:

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

5. You will submit five copies of finished printed labels before you release the product for shipment, as required by PR Notice 82-2 of June 18, 1982. The finished printed labels are those under which you will market the product, and they must also comply with the general labeling requirements of 40 CFR 162.10. Refer to the A-79 enclosure for a description of finished printed labeling.

A stamped copy of the draft label is enclosed for your records. Your release of the product for shipment constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with PIFRA section 6(e).
