Subject: CSA WB Total Release Fogger #1
EPA Registration No. 7056-162
Amendment dated April 24, 1997

Dear Mr. York:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable provided that you:

1. Submit two copies of your final printed labeling before you release the product for shipment.
2. Make the following changes to your label:

a) Per PR Notice 92-2, delete the statements "No CFCs; Contains No CFCs Which Deplete the Ozone Layer" and replace them with the following:

"Contains no CFCs or other ozone depleting substances. Federal regulations prohibit CFC propellents in aerosols."

b) Change the sentences "Use additional units for remote rooms.....in an area less than 100 cubic feet." to the following:

"DO NOT use more than one fogger per room. DO NOT use in small, enclosed spaces such as closets, cabinets or under counters or tables. Do not use in a room 5 ft. x 5 ft. or smaller; instead, allow fog to enter from other rooms. Turn off ALL ignition sources such as pilot lights (shut off gas valve), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, ~~CAN CURRENTS~~ your gas utility or management company if you need assistance."

c) Change the sentence "Treat dogs and cats with BUGOUT™ FLEA AND TICK SPRAY before allowing them to enter the treated area" to the following:

"Treat dogs and cats with a registered flea and tick control product such as BUGOUT™ FLEA AND TICK SPRAY before allowing them to enter the treated area."

Submit two copies of your final printed labeling before you release the product for shipment. A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

for George T. LaRocca

areas.

STATEMENT OF PRACTICAL TREATMENT

IF ON SKIN OR CLOTHING: Remove
contaminated clothing. Thoroughly wash skin
with soap and water. Get medical attention if
irritation persists.

IF SWALLOWED: Call a physician or poison
control center.

IF IN EYES: Flush with plenty of water. Get
medical attention if irritation persists.

IF INHALED: Remove affected person to fresh
air. Call a physician if adverse reactions occur.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if inhaled, swallowed, or absorbed through the skin. Avoid breathing spray mist and contact with skin, eyes, and clothing. Avoid contamination of food or animal feed.

Do not use in commercial food processing, preparation, serving, or storage areas. In the home, all food preparation surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover or remove exposed food. Remove pets, birds, and cover fish aquariums before application.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 °F may cause container to burst. Do not apply this water-based product in conduits, motor housings, junction and switch boxes, or other electrical equipment because of possible shock hazards. Do not use on surfaces that may be damaged by water.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. **READ ALL DIRECTIONS BEFORE USING THIS PRODUCT. SHAKE CONTAINER WELL BEFORE USE. KEEP CONTAINER UPRIGHT DURING USE.**

This product will kill Cockroaches, Houseflies, Confused Flour Beetles, Saw-toothed Grain Beetles, Rice Weevils, Small Flying Moths, Fleas, Ticks, Pillbugs, and Crickets.

1. Cover or remove exposed food, dishes, and food-handling equipment. Shut off fans, air conditioners, and heaters. Open cupboards, cabinets, and trunks in area to be treated. Put out all flames and pilot lights. Close doors and windows.

2. Place several layers of newspaper or a pad on a stand or table in the center of the room. Shake container well before using. While pointing valve opening AWAY from face and eyes, press the valve button all the way down, hooking the catch, to start flow of the contents.
3. Carefully place container upright on the stand or table. LEAVE building at once and keep treated area closed for four hours.
4. After four hours, open all doors and windows and allow to ventilate for 30 minutes.

Repeat in two weeks or when necessary. Use one unit for each 6,000 cubic feet (a room up to the size of 25' x 30' with 8' ceiling) of unobstructed area. Use additional units for remote rooms or where the flow of mist is not assured. Use only one unit per room. Do not use this unit in a cabinet or under a counter or table. Do not use this unit in an area less than 100 cubic feet.

TO KILL FLEAS AND TICKS: Remove pet's old bedding and destroy or launder. Follow directions above for fogging area. Put fresh bedding in pet's quarters after fogging. Treat dogs and cats with BUGOUT™ FLEA AND TICK SPRAY before allowing them to enter the treated area.

STORAGE AND DISPOSAL

Storage: Keep in locked storage area. Store in a cool dry place, away from heat, sparks, and open flame. Do not store at temperatures over 130 °F.

Disposal: Do not reuse empty container. Replace cap and discard in accordance with all local, state, and federal laws and regulations. Reduce pollution at its source.
