I Q PRODUCTS COMPANY
16212 State Highway 249
Houston TX 77086-1014

Dear Mr. York:

Subject: Label revisions
EPA Registration No. 7056-180
Product Name: WASP & HORNET KILLER
Application date: July 16, 2004

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act is acceptable subject to the comment listed below.

a) Revise the Environmental Hazard statement to read as follows:

“This pesticide is Toxic to fish. “Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas”.

b) Enclosed is a copy of your stamped label “Accepted with Comments” Submit four (4) copies of final printed labeling before you release the product for shipment.

To expedited handling, please return a copy of the letter with your final printed labels for review. If you have any questions regarding this letter, please contact Ms. Pat Quarles @ 703 305-6876.

Sincerely,

Richard Gebken
Acting Product Manager 10
Insecticide Branch

This foam prevents ants from crawling away while the ingredients act to kill these unwanted pest.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through skin. Avoid breathing spray mist. Avoid contact with skin and eyes. Wash hands thoroughly with soap and water after use.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not apply to water. Drift and runoff from treated sites may be hazardous to fish in adjacent waters

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 °F may cause container to burst. Do not apply this water-based product in conduits, motor housings, junction and switch boxes, or other electrical equipment because of possible shock hazards. Do not use on surfaces that may be damaged by water.

FIRST AID

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If swallowed: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

ACCEPTED

AUG 23 2004

United States Federal Insecticide, Fungicide, and Rodenticide Act, as amended, and the products registered under FIFRA Reg. No.

7056-180

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS BEFORE USING THIS PRODUCT. SHAKE CONTAINER WELL BEFORE USE. HOLD CONTAINER UPRIGHT DURING USE.

TO KILL WASPS, HORNETS, YELLOW JACKETS, AND BEES: Foam sprays up to 22 feet. Application should be made in late evening when insects are at rest. Do not spray directly into the wind. Aim nozzle at nest and depress actuator until nest is encased in foam. This foam prevents wasps and other pests from flying away. Repeat as necessary.

TO KILL ANTS: Spray the foam on trails, nests, hills, and points of entry. Spray directly on ants where possible. Repeat as necessary.

TO KILL FIRE ANTS: Kills and temporarily reduces annoyance of these insects. To reduce annoyance from these ants and keep them from entering homes, spray the foam directly on patios, barbecue areas, driveways, door sills, window sills, other entrance areas, foundations of buildings, ant trails, around pools, and areas where the ants are noticed. This treatment will not kill the colonies, but will reduce the immediate population for up to four hours. Repeat as necessary.

Test whether spray may discolor or otherwise damage materials on which it is applied by spraying a small, inconspicuous area until wet. Allow area to completely dry and check for discoloration or damage. Do not continue to use if materials are adversely affected.

TO KILL SPIDERS: (including Black Widow and Brown Recluse) Spray the foam in short bursts directly on spiders. Repeat as necessary.

TO CONTROL NUISANCE PESTS: COCKROACHES, CRICKETS, SILVERFISH, EARWIGS, SOWBUGS, CENTIPEDES, AND MILLIPEDES: Spray the foam directly on areas infested with these nuisance pests. Repeat as necessary.

Do not apply directly to food. In food processing areas, all utensils, shelving, etc. where food will be handled should be covered or removed before treatment, or thoroughly washed with an effective cleaning compound followed by a potable water rinse prior to use.

STORAGE AND DISPOSAL

Storage:

Keep in locked storage area. Store in a cool dry place, away from heat, sparks, and open flame. Do not store at temperatures over 130 °F. Do not contaminate water, food or feed by storage and disposal.

Disposal:

Do Not Puncture or Incinerate! **If empty:** Place in the trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

Manufactured by:
IQ PRODUCTS COMPANY
HOUSTON, TEXAS 77086

EPA REG. NO. 7056-180
EPA EST. NO. 7056-TX-1
