

28

FEATURES:

MC 20 has been designed as a multi-purpose, multi-action product detergent, sanitizer, deodorant, and disinfectant. MC 20 is highly effective against antibiotic resistant Staphylococcus aureus and S. typhosa. Users of MC 20 can be assured of effective cleaning and disinfecting qualities when MC 20 is used as directed. When MC 20 is regularly used, it destroys odors and prevents the formation of new odors. Ineffective against P. aeruginosa at a 1:64 dilution.

WHERE TO USE:

MC 20 should be used at regular intervals to thoroughly clean, deodorize, sanitize, and disinfect floors, lavatories, urinals, walls, telephones, furniture, garbage pails, refrigerators, diaper pails, shower stalls, locker benches, ventilation fans, and other similar articles and areas that require general cleaning.

MC-20 WITH LEMON ODOR
DETERGENT SANITIZER DEODORANT DISINFECTANT

ACTIVE INGREDIENTS

n Alkyl (60% C14, 30% C16, 5% C12, 5% C18)	3.1%
Dimethyl Benzyl Ammonium Chloride	3.1%
Sodium Carbonate	93.8%

INERT INGREDIENTS 93.8%
100.0%

PHENOL COEFFICIENTS S. Typhosa 1:3 Staphylococcus Aureus 2:2

Use 3 ounces MC 20 per gallon of water for disinfecting hard surfaces. Where infectious disease germs may have been present, a second rinse after cleaning, using 4 ounces MC 20 per gallon of water, is suggested. FOR DEODORIZING use 2 ounces MC 20 per gallon of water, and thoroughly clean all surfaces. FOR GENERAL CLEANING AND SANITIZING OF HARD SURFACES use 1 ounce MC 20 per gallon of water. RINSE EMPTY CONTAINER THOROUGHLY WITH WATER AND DISCARD IT.

STAY
AWAY

DANGER:

Keep Out of Reach of Children. Corrosive. Causes eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed. Avoid contamination of food.

FIRST AID:

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatine solution or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN:

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.
