

BEST DOCUMENT AVAILABLE

GUARDIAN — Rat and Mouse Bait is formulated specifically for better results.

GUARDIAN is economical to use. It is scientifically balanced to get results so no call backs are necessary.

DIRECTIONS

FOR RAT CONTROL:

- (a) Four ounces of bait per station should be used.
- (b) An uninterrupted supply of bait should be maintained for at least 15 days.
- (c) Bait stations should be placed in places inaccessible to children, wildlife or pets or in tamper-proof boxes.

FOR MOUSE CONTROL:

- (a) Tablespoon amounts (1/4 to 1/2 ounce) of bait should be placed at 8 to 12 foot intervals.
- (b) Bait should be placed in locations not accessible to children, wildlife or pets or in tamper-proof boxes.
- (c) An uninterrupted supply of bait should be maintained for at least 15 days.
