Dear Sir or Madam:

Subject: ROBAN II AG
EPA Registration No 7122-124
Your Letter Dated August 4, 1993

The revised labeling referred to above, submitted in connection with registration under FIFRA, is acceptable, providing you make the following change:

- Change the scientific name of the Polynesian rat from "(RATTUS EXVIANS)" to "(RATTUS EXULANS)".

Submit one copy of final printed labeling before you release the product for shipment with the amended labeling.

We approve your plan to sticker over the "Statement of Practical Treatment" on your existing inventory before you release the product for shipment. Note that you are still required to submit a copy of the "informational bulletin" that you must provide your distributors, as well as a list of those distributors. The Zinc Phosphide Consortium has informed you of those requirements.

This registration will be subject to cancellation in accordance with FIFRA sec. 6(e) if you do not comply with these conditions. Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

Robert A. Forrest
