

MAY 8 1992

Lawrence Epstein  
Vice President  
Alden Leeds, Inc.  
55 Jacobus Avenue  
South Kearny, N.J. 07032

Dear Mr. Epstein:

( Subject: Nu Clo Copper Algaecide  
EPA Registration No. 7124-23  
Revised Labeling  
Your Application Dated 4/3/92  
Your Letter Dated 4/15/92

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. One copy of the finished labeling must be submitted prior to releasing the product for shipment.

The section captioned "First Aid" should be referred to as "Statement of Practical Treatment".

( Regarding your letter of 2/21/90, no such letter exists in our files. However, I have enclosed the most recently accepted label, dated 4/1/87. You may wish to resubmit your 2/21/90 correspondence for our review, and to update our files.

Sincerely Yours,

*Cynthia Giles-Parker*

# COPPER ALGAECIDE

Prevents And Kills Many Algae Species

- ✓ One application lasts a full swim season
- ✓ Keeps pool water clear and free of visible algae
- ✓ Convenient and easy to use
- ✓ Reduces chlorine demand

## PRECAUTIONARY STATEMENT HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Keep out of reach of children. Causes eye damage. May cause skin sensitization in certain individuals. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

**FIRST AID:** In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink large quantities of water. Avoid alcohol. Call physician immediately.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment authority. For guidance contact your State Water Board or Regional office of the EPA.

**STORAGE:** Keep container closed when not in use. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food.

**DISPOSAL:** Do not reuse empty container. Rinse thoroughly. Securely wrap in several layers of newspaper and discard in trash.

## DIRECTIONS FOR USE

It is in violation of Federal law to use this product in a manner inconsistent with its labeling.

Copper Algaecide works best when added to a freshly cleaned pool. Copper Algaecide should be used at a rate of one gallon to every 11,000 gallons of pool water.

Empty skimmer of all chemicals and/or debris. Remove any chemicals that may be in an in-line automatic chemical dispensing device. Make sure that filter is on and that water is properly recirculating through skimmer. Pour Copper Algaecide slowly into skimmer, making sure that the liquid is drawn into the system at the same rate as it is being poured.

## POOL GALLON CALCULATOR (ALL DIMENSIONS IN FEET)

Square or Rectangular  
Length X Width X Average Depth X 7.5 = Gallons  
Round or Oval  
Length X Width X Average Depth X 5.9 = Gallons
